Go Green

BY ASHMAR MANDOU
In honor of Earth Day on Tuesday, April 22nd we compiled a list of green tips sure to help you reduce your carbon footprint this year. We pulled tips from various sites that can easily be implemented into your daily life from home lifestyle to pet care to healthier living. Happy Earth Day!

•Make it a habit to use nontoxic cleaning products. Brighten up your cubicle with plants, which absorb indoor pollution. If you're a business owner, make it a policy to buy furniture, carpeting, and paint that are free of volatile organic compounds (VOCs) and won't off-gas toxic chemicals.

•Much of your munching happens at the office, so keep your own mug, dishware, and flatware at your desk. This will fend off the temptation to use the paper and plastic disposables that are easy to grab in the lunchroom. If you're a workplace manager, provide reusable dishes, silverware, and glasses. Switch to eco-friendly coffees and teas, and buy organic and local food for parties and other events. And remember: Water fountains are always better than bottled water.

•Make sure your dishwasher and clothes washer and dryer are full before using them. The aforementioned major appliances consume large amounts of energy, so reduce their use as much as possible by only running them with full loads.

•Plant a tree in your backyard. It seems simple, but just one tree can offset tons of carbon over its lifetime. If planted appropriately, it also will provide shade on a sunny day, perhaps reducing the use of energy for air-

conditioning in buildings and homes.

•Buy items with less packaging, and with packaging that

your community recycles. It's convenient to buy snack crackers already divided into even, individual portions in plastic bags, but that creates much more waste packaging than just buying the full box.

•Nature-deficit disorder is common among our young people. How can you ensure that your kids don't end up with it? This week's tips tell you how to get your kids away from the video games this summer, and out into nature instead. Find a trail close to home and take the family for a stroll in the woods. If you like, you can bring a field guide or birding book along so that you can work with

your child to identify what you see together. Remember to pack adequate amounts of water, snacks, and sunscreen.

•Eco-parents, consider giving kids a garden patch that they can design and cultivate on their own (younger children will need some supervision, of course). Cornell University's "Greener Voices" study suggests that children are more engaged in learning when they are responsible for planning and decision making. Even if your child's mini-garden turns out to be a disaster, he or she will still learn a small-scale lesson about the challenges and rewards of caring for the Earth.

Check out Cornell's Garden-Based Learning Web site for additional child-friendly garden activities.

•Pets are such a source of joy, but America's more than 160 million owned dogs and cats do impact the environment. This week's tips are about how to reduce their environmental pawprint. The U.S. pet-product industry rakes in more than \$40 billion per year, only \$1 billion of which goes to eco-friendly items. Do your part to pump up that number by opting for organic pet food, as well as gear and toys made by eco-minded manufacturers like Scutte, Molly Mutt, and World's Best Cat Litter; a Google search reveals many more. But buying greener doesn't mean you have to buy *more*. The best way to reduce waste is to ask yourself whether your pet really needs the item you're considering buying.

•Toys: Stuffed animals and games continue to be popular in Easter baskets among children

of all ages. Through the Meijer "Save the Bunny" campaign, customers can save on favorite gift items from Fisher-Price.

ComEd Employee Volunteers Celebrate National Volunteer Week with Spring Cleaning at El Valor

Employee volunteers from ComEd partnered with the El Valor to honor National Volunteer Week on Saturday, April 12. The volunteers helped beautify the grounds of El Valor. As the weather improves, El Valor's participants spend a lot of time in the common and garden areas. Volunteers assisted with clean up efforts and prepared the garden areas for El Valor's spring activities.

This employee volunteer event is part of ComEd's company-wide observance of National Volunteer Week (April 6-12) and National Volunteer Month (April), an annual nationwide celebration of

people working to improve their communities through service.

The event is one of more than 30 community service projects ComEd employees, and employees from its parent company Exelon, are leading in celebration of National Volunteer Week and National Volunteer Month. ComEd's National Volunteer Week projects are focused on employee-led community service projects in support of education, environment, diversity and inclusion, and neighborhood development in the communities where ComEd employees work and live.

portion of the registration is donated to the 100 Club of Chicago, and the race closely works with the organization for other donation opportunities. To date RAM Racing has helped raise in excess of \$500,000 for its charities.

EDUCATION *Guide*

Small Class Sizes + Christian Education = College Success

The average class size at Chicago Hope is 12 students. That is not a typo. The student to faculty ratio is 10:1 with an average of 12 students per classroom. The intentionally small class sizes ensure that Chicago Hope students receive as much individualized attention from their teachers as possible. There is no crowd for students to get lost in. Faculty is available before and after school for tutoring and serve as mentors as well as teachers for their students. The small class sizes are just one reason that Hope maintains a 100 percent College Acceptance rate for its graduates. Hope is a Christian College Prep school. Our college prep curriculum is rigorous and is why we have graduates at great universities like Brown, Wake Forest, and Columbia. As a faith-based high school, every member on staff is a Christian. We welcome students of all spiritual backgrounds and is part of Hope's strong diversity. We have students from all over Chicago, the suburbs, and international students from other countries.

Hope is a small school that fields very competitive athletic programs. The Eagles have won regional championships in multiple sports and students learn the values of discipline, teamwork, and leadership in the process.

Students also have the opportunity to participate in extracurricular activities other than athletics, choosing from a wide selection of clubs like chess, art, and robotics. We welcome you to get to know Chicago Hope Academy for yourself. We are still accepting applications for next year! You can apply online at www.chicagohopeacademy.org. Hope offers shadow days for 7th and 8th graders every Thursday and Friday to spend a day at Hope. Contact the school at 312.491.1600 or go to our website to sign-up. Our next entrance exam is April 26th at 9am.

Chicago Hope is an independent private school. We offer extensive need-

based Financial Aid for families that is designed to be as affordable as possible. Academic scholarships are

also available for students that score well on the test and have good grades. For any and all information

regarding the school or the admissions process contact Hope at 312.491.1600 or go online to www.chicagohopeacademy.org.

You can watch videos of why parents chose Hope and start the application.

Salones de Clase Pequeños + Educación Cristiana = Exito Universitario

El tamaño promedio de un salón de clases en Chicago Hope es de 12 estudiantes. Este no es un error tipográfico. La proporción de estudiantes por facultad es de 10:1 con un promedio de 12 estudiantes por salón. El intencionalmente pequeño tamaño de la clase garantiza que los estudiantes de Chicago Hope reciben atención individualizada de sus maestros, tanto como sea posible. No hay una multitud para que los estudiantes se pierdan. La facultad está disponible antes y después de la escuela para tutoría y fungen como

tutores y maestros para sus estudiantes.

El pequeño tamaño de las clases son solo una razón por la que Hope mantiene un 100 por ciento de índice de Aceptación Universitaria para sus graduados. Hope es una Escuela Preparatoria de Colegio Cristiana. Nuestro plan de estudios de preparación de colegio es riguroso y por eso tenemos graduados en grandes universidades como Brown, Wake, Forest y Columbia. Como escuela religiosa, todo miembro del personal es Cristiano. Recibimos a estudiantes de todas las

religiones y esto es parte de la fuerte diversidad de Hope. Tenemos estudiantes de Chicago, los suburbios y estudiantes internacionales de otros países.

Hope es una escuela pequeña que cuenta con muchos programas atléticos competitivos. The Eagles han ganado campeonatos regionales en múltiples deportes y los estudiantes aprenden en el proceso los valores de la disciplina, el trabajo en equipo y el liderazgo. Los estudiantes tienen también la oportunidad de participar en actividades extracurriculares además de los atléticos,

escogiendo de una amplia selección de clubs como el de ajedrez, el de arte y el robótico.

Le invitamos a que conozca Chicago Hope Academy. ¡Aún aceptamos solicitudes para el año próximo! Puede hacer su solicitud por Internet en www.chicagohopeacademy.org. Hope ofrece "shadow days" para estudiantes del 7° y 8° grados todos los jueves y viernes, para que pasen un día en Hope. Llame a la escuela al 312-491-1600 o visite nuestra red para inscribirse. Nuestro próximo examen de admisión es el 26 de abril a las 9 a.m.

Chicago Hope es una escuela privada independiente. Ofrecemos ayuda financiera a las familias para que les resulte lo más económica posible. También hay becas académicas para los estudiantes con buenas calificaciones en las pruebas y en general. El centro ofrece a los pacientes el Creighton Model FertilityCare System (CrMS) que ayuda a las parejas a entender cuando son naturalmente fértiles o infértiles, lo que les puede ayudar a evitar o lograr un embarazo. El programa basado en la concientización de la fertilidad, confía en observaciones normales y marcadores biológicos para entender la salud de una mujer. La concientización de la fertilidad es una alternativa al control natal hormonal u otras medicinas para tratar problemas. El enfoque es consistente con la enseñanza católica.

Record Drop in Chicago Youth Smoking Rates

Officials from the Chicago Department of Public Health (CDPH) announced smoking among Chicago high school students has decreased by more than 20 percent since 2011 and is now the lowest recorded rate in youth smoking. According to data from the Centers for Disease Control and Prevention (CDC), less than 11 percent of Chicago high school students reported smoking in 2013, down from more than 13 percent in 2011. This is also a nearly 60 percent decrease from 2001, when roughly a quarter of youth reported smoking.

Studies have shown that e-cigarettes and

flavored tobacco are disproportionately used by youth. According to the National Youth Tobacco Survey, use of e-cigarettes among middle and high school students doubled from 2011 to 2012. Moreover, e-cigarette users often smoke conventional cigarettes – 76.5 percent of e-cigarette users also smoke conventional cigarettes. There is also substantial evidence that flavored tobacco products are “starter” products for youth who begin smoking. In fact, kids ages 12 to 17 smoke flavored tobacco at a higher rate than any other age group.

CDPH also reports an increase in the number

of calls to the Illinois Tobacco Quit Line from Chicago, indicating increased interest in the cessation program. More than 24,000 calls were reported from Chicago in 2013. During the last six months of the year, there

were 14,000 calls from Chicago to the Quitline, double the number of calls reported in the last six months of 2012. This increase in calls coincided with multiple public education campaigns by CDPH around the dangers

of tobacco and menthol, directing residents to call the Quitline at 1-866-Quit-Yes. For more information on Healthy Chicago and tobacco prevention and control in Chicago, visit www.CityofChicago.org/HEALTH.
