## City Moves Forward with Old Post Office Building

On Wednesday afternoon, City Council came to an agreement with the new owner of the old Chicago Post Office that will create economic boost in the South Loop. Under the court-approved agreement, 601 W Companies LLC will begin renovating and restoring the building, expecting to take five years. "Today is a bright day for the near West Side and all of Chicago," Mayor Emanuel said. "After the old Post Office has sat for vacant for decades, we can now begin the work to transform this iconic gateway to the city of Chicago into the economic driver it was designed to be."

In the agreement, deadlines were established throughout the Post Office's rehabilitation. The agreement established

deadlines throughout 2016, 2017, and 2018 for 601 W to overhaul the structure's four sides; replace the roof; install new high-speed elevators; restore historic lobby; and install new electrical, plumbing, heating, and ventilation systems. In March 601W announced its intention to purchase the property from International Property Developers North America, which had owned the property since 2009. 601W's

three-phase renovation plan will comprehensively rehabilitate the building as offices. Amenities will include a three-acre rooftop park complex and a landscaped riverwalk that will be open to the public. An estimated 12,000 people could work in the building when fully-leased. The rehabilitation project is projected to generate more than 1,500 construction jobs. The agreement also includes requirements for minority- and

women-owned business participation in the work to redevelop the facility. "Developing the Old Post Office will bring thousands of jobs for Chicagoans and renew a building that has been neglected for decades," Ald. Daniel Solis (25th) said. "This agreement is a significant

step forward, and I look forward to continuing our progress." The old Post Office was designed by Graham, Anderson, Probst & White and built in phases from 1921 to 1932. Listed on the National Register of Historic Places, it has been vacant since the city's main post office operations relocated in 1995.

## Ald. Raymond Lopez Responds to Another Gang-Related Shooting in 15<sup>th</sup> Ward

*Ald. Raymond Lopez (15) issued the following statement following the news that another in a string of gang-related shooting in the 15th Ward occurred on Sunday afternoon:*

"Summer should be a time for fun, picnics, sprinklers and swimming. But for much of our city's South and Southwest Sides, this summer has been marked by two things: gun violence and neighbors grieving and marching for an end to the shootings. We're facing a public health emergency due to intensifying gang conflict in the 9th Chicago Police District, in the 15th Ward as much as anywhere.

"The latest shooting took at a known 'gang house' located in the Brighton Park neighborhood on Sunday. A 16-year-old young man and a 33-year-old man were shot in the 2400 block of West 45th Street. Neighbors reported hearing between 15 and 20 shots fired.

"I've been calling for a serious, concentrated task force of law enforcement to

help stem this violence and stop the flow of weapons into our neighborhoods. I've been joined by leaders of our community organizations, block clubs and local school councils. "Together, we have stepped up efforts to combat problem houses known as centers of gang activity, asking landlords to shut them down. My office has identified 21 problem buildings in the 15th Ward. We are working with police commanders, the Building Department, and the courts in order to shut these buildings down. The building involved in Sunday's shooting was one of those houses.

"The 9th Police District is now in the third week of an expanded Anti-Violence Initiative. I urge Police Superintendent Eddie Johnson to provide assurance that the increase in officers will be accompanied by new and more aggressive law enforcement tactics aimed at getting weapons off the streets.

"Let's make the 15th Ward an undesirable area

for gangs to hang out. Let's make it an inconvenient area for their operations. Let's make them pick up and move out of here. I will continue to advocate for increased investment in the social service agencies and after-school programs that have suffered because of Gov. Rauner's drastic budget cuts, I requested increased bike patrols and community awareness meetings, all to restore neighborhood morale and help gather information about gang activity.

"Finally, and perhaps most critically, I have made a particular request to the Superintendent that the CPD stop half all transfers out of the 9th District, and any other high-crime district in Chicago, as long as we remain in this crisis period.

"I have faith in our officers; however, it is clear to me and my constituents that the CPD's current engagement tactics are not deterring gang members and drug dealers. Without a dedicated effort, specific and responsive to the needs of these neighborhoods, a

serious effort to deal with the proliferation of guns, and without meaningful

investment in resources for our community, we won't

address the root causes of this violence."

## El Concejal Raymond López Responde a Otra Balacera Relacionada con Pandillas en el Distrito 15

*El Concejal Raymond López (15) expidió la siguiente declaración tras saber de otra balacera relacionada con pandillas en el distrito 15 el domingo por la tarde.*

"El verano debería ser época de diversión, picnics, rociadores y natación. Pero para muchos de los Sectores Sur y Sudoeste de la ciudad, este verano ha estado marcado por dos cosas: la violencia de armas y vecinos que lloran y marchan pidiendo un fin a estas balaceras. Enfrentamos una emergencia de salud pública debido a la intensificación de las peleas de pandillas en el Distrito 9 de Policía de Chicago, en el Distrito 15 y en muchas partes más.

"La última balacera ocurrió en una conocida 'casa de pandillas' localizada en el barrio de Brighton Park, el domingo. Un joven de 16 años y un hombre de 33 fueron balaceados en la cuadra 2400 de W. 45 St. Los vecinos reportaron escuchar de 15 a 20 disparos.

"He estado pidiendo un grupo especial de la ley para detener esta violencia y el flujo de armas en nuestros vecindarios. Se me han unido líderes de nuestras organizaciones comunitarias, clubs de cuadra y concilios escolares locales.

"Juntos hemos unido esfuerzos para combatir un problema conocido como actividad de centros de pandillas, pidiendo a los dueños de casas que les disparen. Mi oficina ha identificado 21 edificios con problemas en el Distrito 15. Estamos trabajando con comandantes de la policía, el Departamento de Edificios y las cortes, para poder cerrar estos edificios. El edificio involucrado en la balacera del domingo era una de esas casas.

"El Distrito 9° de Policía está ahora en su tercera semana de una ampliada Iniciativa Anti-Violencia. Exhorto al Superintendente de Policía, Eddie Johnson, a que nos asegure que el incremento de oficiales estará acompañado por tácticas más agresivas de las fuerzas del orden, destinadas a retirar las armas de las calles.

"Hagamos del Distrito 15 un área no deseada para las pandillas. Hagámosla un área inconveniente para sus operaciones. Hagámosles

retirarse de aquí. Continuaré abogando por incrementar la inversión en agencias de servicio social y programas para después de la escuela que han sufrido por los drásticos cortes de presupuesto del Gobernador Rauner.

Pedí un aumento de patrullas en bicicleta y juntas comunitarias de concientización, para restaurar la moral del barrio y ayudar a reunir información sobre la actividad pandillera.

"Finalmente, y tal vez lo más importante, Hice una petición particular al Superintendente de CPD para que detenga todas las transferencias del Distrito 9 y cualquier otro distrito con alta criminalidad en Chicago, mientras sigamos en este período de crisis.

"Tengo fe en nuestros oficiales; sin embargo, me está claro, a mi y a mi constituyentes, que las actuales tácticas de CPD no están desanimando a los pandilleros y drogadictos. Sin un esfuerzo dedicado, específico, sensible a las necesidades de estos vecindarios, un esfuerzo grande para atender la proliferación de armas y sin una considerable inversión en recursos para nuestra comunidad, no atacaremos de raíz la causa de esta violencia".

## CCHHS Encourages Residents to Take Precautions During Upcoming Heat Wave

With the mercury expected to reach the 90s and the heat index soaring near 100 later this week, physicians at the Cook County Health & Hospitals System urge you to take extra measures to stay cool. "When we sweat in high heat and humidity, evaporation slows and the body has to work harder to maintain a normal temperature," said Emergency Department physician Dr. Robert Feldman. "Your best

defense against heat-related illness is prevention." Dr. Feldman suggests avoiding overexertion and strenuous outdoor activities. If you must be outdoors, wear lightweight, light-colored, loose-fitting clothes that cover as much skin as possible to prevent sunburn. Don't wait until you are thirsty to drink. Consume plenty of non-alcoholic, non-caffeinated fluids. Dr. Feldman encourages relatives and

friends to make daily visits or calls to senior citizens living alone. On a hot day the temperature inside a car can reach unsafe limits in just minutes. Early signs of heat exhaustion include:

- Thirst
- Nausea and vomiting
- Dizziness
- Headache
- Fatigue
- Cold and clammy feeling, while still sweating
- Without proper intervention, heat exhaustion can progress to heat stroke. Symptoms include:
- Hot and flushed skin, but no sweating
- Confusion
- Seizures
- Unable to walk in straight line
- Nausea, vomiting and diarrhea
- Rapid pulse
- Potential loss of consciousness

## CCHHS Exhorta a los Residentes a Tomar Precauciones Durante la Próxima Ola de Calor

Con el mercurio que se espera alcance los 90s y el índice de calor subiendo a cerca de 100 más tarde esta semana, los doctores del Sistema de Hospitales y Salud del Condado del Cook le exhortan a tomar medidas extra para mantenerse fresco. "Cuando sudamos con el fuerte calor y la humedad, la evaporación se hace más lenta y el cuerpo tiene que trabajar más para mantener una temperatura normal", dijo el Dr. Robert Feldman, del Departamento de Emergencias. "Su mejor defensa contra las enfermedades relacionadas con el calor es la prevención". El Dr. Feldman sugiere evitar esfuerzos excesivos y actividades agotadoras al aire libre. Si tiene que estar al aire libre, vista ropa ligera, de colores claros,

suelta, que cubra tanta piel como sea posible para evitar quemaduras por el sol. No espere hasta tener sed para beber. Consuma suficientes líquidos sin cafeína y sin alcohol. El Dr. Feldman exhorta a pariente y amigos a que hagan visitas diarias o llamen a los ancianos que viven solos. En un día caluroso, la temperatura dentro de un auto puede alcanzar límites peligrosos en solo minutos.

Los primeros síntomas de agotamiento por calor incluyen:

- Sed
- Nausea y vómito
- Dolor de cabeza
- Fatiga
- Una sensación fría y pegajosa, mientras está sudando

Sin la intervención apropiada, el agotamiento por calor puede progresar y causar una embolia por calor. Los síntomas incluyen:

- Piel caliente y enrojecida, pero sin sudar
- Confusión
- Ataques
- No poder caminar en línea recta
- Náusea, vómito y diarrea
- Pulso rápido
- Potencial pérdida de la conciencia

## Comcast Joins HUD to Expand Internet Essentials Program

Comcast and the U.S. Department of Housing and Urban Development's (HUD) *ConnectHome* initiative took an historic step to close the digital divide in America. As of this month, public housing and HUD-assisted residents living in Comcast's service area are eligible to apply for Internet Essentials, the company's high-speed internet adoption program for low-income families. Including homes covered by Comcast's pilot public housing expansion announced in March, an estimated total of up to 2 million HUD-assisted homes, including Public Housing, Housing Choice Voucher, and Multifamily programs, will now have access to low-cost internet service. With this new expansion, approximately 480,000 Hispanic families will now be able to benefit from this program. In Illinois,

nearly 175,000 families could benefit from this new expansion. Of these, approximately 42,000 are Hispanic and 22,000 are living in the city of Chicago. Currently, only 65.9 percent of Hispanic homes have high-speed internet access compared to 76.2 percent of the white population. Furthermore, a recent study from the U.S. Census Bureau found that 79.7 percent of Hispanics have a computer at home

but only 66.7 percent of these have internet access. From August 2011 through December 2015, Internet Essentials has connected more than 600,000 low-income families, benefitting more than 2.4 million Americans to the internet at home. Up to 60 percent of the total number of people currently benefited by the internet essentials program are Hispanic. ## Iniciativa para Atender los Problemas de Salud de la Mujer

Como esposas, madres e hijas, la mujer está siempre con el reloj en mano, ocupando el papel de quien atiende a sus seres queridos. Pero, también es importante que la mujer separe tiempo para ocuparse de si misma. De acuerdo a un reciente estudio de Kaiser Family Foundation, esto no ocurre con mucha frecuencia. La mujer alega falta de tiempo, costo, falta de personas que se ocupen de los niños y no tener transporte, como algunas de las principales razones por las que no atienden su salud. Para ocuparse de estas barreras, Harmony Health Plan, Inc., subsidiario de WellCare Health Plans, Inc. (NYSE:WCG), y 15 organizaciones comunitarias, de medio de comunicación y de cuidado de salud unen sus fuerzas para dar a las mujeres del Condado de Cook los

medios necesarios para ocuparse de si mismas y de sus seres queridos. Por medio de eventos presentados directamente en sus comunidades, *EmPowerHer*, *EmPower Me*, *EmPowerUs*, está diseñado para ayudar a inspirar a la mujer a obtener cuidado preventivo para las preocupaciones de salud más comunes y subrayar la importancia de hacerse exámenes, como

los exámenes del cáncer de mama y el cáncer cervical. *EmPowerHer* atenderá preocupaciones de salud como el asma, la diabetes, cuidado prenatal y postparto, visitas de bienestar infantil y la obesidad infantil, que afectan desproporcionadamente a comunidades hispanas y afroamericanas como Englewood, Lawndale, Little Village, Pullman, Berwyn y Cicero. This week, the largest citywide event of Shakespeare 400 Chicago is coming to Humboldt Park and is free for all. Families and neighbors of all ages will enjoy the 75-minute abridged production of Shakespeare's jubilant, music-infused romantic comedy, set against the backdrop of Chicago. Returning from last summer is Jazzology, who will perform to kick off the show.

## Initiative to Address Women's Health Issues

As wives, mothers and daughters, women are always on the clock, taking on the role of caregiver for those they love. But, it is also important for women to take time to care for themselves. According to a recent study from the Kaiser Family Foundation, this doesn't happen often enough. Women cite lack of time, cost, lack of childcare and no transportation as some of the main reasons they did not get health care. To address these barriers, Harmony Health Plan, Inc., a subsidiary of WellCare Health Plans, Inc. (NYSE: WCG), and 15 community, media and health care organizations are joining forces to provide women in Cook County with the tools they need to take care of themselves as well as their loved ones. Through events held directly in their communities, *EmPowerHer*, *EmPowerMe*,

*EmPowerUs*, is designed to help inspire women to obtain preventive care for common health concerns and highlight the importance of getting key screenings, such as breast and cervical cancer exams. *EmPowerHer* will address health concerns, such as asthma, diabetes, prenatal and postpartum care, well-child visits and childhood obesity, which disproportionately affect low-income African-American and Hispanic communities like Englewood, Lawndale, Little Village, Pullman, Berwyn and Cicero. To join the *EmPowerHer* movement, or to get more information about the campaign and upcoming events, call 800-378-0806. ## Baseball League Brings Community Together

By: Ashmar Mandou

Families, CPD, and neighbors gathered for a Gameday Kick-Off Parade to launch the inaugural season of the Police/Youth Baseball League in North Lawndale, funded by Get IN Chicago. For the remainder of the summer, approximately 200 kids ages 9 to 12, will be coached by CPD officers in games, practices, and workshops meant to foster leadership, sportsmanship, and conflict resolution skills aimed to create better trust between inner-city youth and police officers. In 2016, Get IN Chicago awarded grants for the police/youth baseball leagues to BBF Family Services in North Lawndale, which is celebrating its 55<sup>th</sup> anniversary this year and Teamwork Englewood in Englewood/West Englewood.

Get IN Chicago is a private funder with a public mission, dedicated to discovering the most effective ways to reduce youth violence. # ComCast se Une a HUD para Ampliar el Programa Internet Essentials

La Iniciativa de ComCast y el Departamento de Vivienda y Desarrollo Urbano de E.U. (HUD) *ConnectHome* dio un paso histórico para cerrar la división digital en Estados Unidos. Desde este mes, los residentes de vivienda pública y los ayudados por HUD que

viven en el área de servicio de Comcast, son elegibles para solicitar Internet Essentials, el programa de Internet de más velocidad de la compañía, para familias de bajos ingresos. Incluyendo las casas cubiertas por la ampliación de vivienda pública piloto de Comcast, anunciada en

marzo, se calcula que un total de hasta 2 millones de casas ayudadas por HUD, incluyendo Vivienda Pública, Housing Choice Voucher y programas Multifamiliares, tendrán ahora acceso al servicio de Internet a bajo costo. Con esta nueva ampliación, aproximadamente 480,000

familias hispanas tendrán ahora el beneficio de este programa. En Illinois, cerca de 175,000 familias podrían beneficiarse con esta nueva ampliación. De estos, aproximadamente 42,000 son hispanos y 22,000 viven en la ciudad de Chicago. Actualmente, solo el 65.9 por ciento de familias hispanas tiene acceso al Internet de alta

velocidad, comparado con el 76.2 por ciento de la población blanca. Además, un estudio reciente de la Oficina del Censo de E.U., encontró que el 79.7 por ciento de hispanos tiene una computadora en casa, pero solo 66.7 por ciento de estas tienen acceso al Internet. De agosto del 2011 a diciembre del 2015, Internet Essentials

ha conectado a más de 600,000 familias de bajos ingresos, beneficiando a más de 2.4 millones de estadounidenses con el Internet en casa. Hasta 60 por ciento del número total de personas que se han beneficiado con el programa Internet Essentials, son hispanas. Para más información, visitar [www.InternetEssentials.com](http://www.InternetEssentials.com)

## Chicago Park District Kicks Off Soccer Mini-Match

Aspiring soccer players in Chicago will have a unique new place to hone their skills thanks to a \$15,000 Let's Play Mini Pitch grant from Dr Pepper Snapple Group (DPS), KaBOOM! and the U.S. Soccer Foundation. The grant enabled the Chicago Park District to install an acrylic soccer mini-pitch that will provide a safe place for children to play, to learn and to grow. This grant was made possible through Let's Play, an initiative of Dr Pepper Snapple Group, to provide the tools, resources and inspiration for children and families to be active. The U.S. Soccer Foundation, through its *Safe Places to Play* program, and in partnership with KaBOOM!, is focused on bringing small-sided soccer-specific play spaces to urban, underserved communities nationwide. Created in 2011, Let's Play provides the tools, places and inspiration to

make play a daily priority. The initiative began with a three-year commitment to KaBOOM!, the national non-profit dedicated to ensuring that all kids get the balanced and active play they need to thrive. Through the first three years, they built 41 playgrounds, with more than 2,300 DPS employees contributing nearly 19,000

volunteer hours in the construction, and provided grants ranging from \$500 to \$30,000 for the improvement of another 2,004 playgrounds by the end of 2013. Visit Let's Play at [www.LetsPlay.com](http://www.LetsPlay.com) to join the conversation and learn how to apply for the various available grants to make communities more active and playful.

## Travel Tips When Visiting Countries with Zika Virus

Visiting friends and family in areas with Zika virus requires taking special health precautions because individuals may stay longer, be in places with fewer protections against mosquitoes (e.g. houses without screens or air conditioning), or be in familiar places where individuals may not take as many precautions to stay healthy. Currently, the Centers for Disease Control and Prevention (CDC) has documented the spread of Zika virus in almost 50 countries and territories including Central and South Americas, and the Caribbean islands. To check if the country you may be visiting is experiencing Zika virus, check the CDC's website at <http://www.cdc.gov/zika/geo/active-countries.html>. Zika virus is primarily spread to people through the bite of an infected mosquito. Follow these steps to prevent mosquito bites:

- Cover exposed skin by wearing long-sleeved shirts

and long pants.

- Use insect repellents that are registered with the Environmental Protection Agency (EPA) and contain DEET, picaridin, IR3535, oil of lemon eucalyptus (OLE), or para-menthane-diol. Always use as directed.

- Stay and sleep in screened-in and air-conditioned rooms whenever possible. Sleep under a mosquito bed net if air conditioned or screened rooms are not available or if sleeping outdoors.

Zika virus can also pass from a pregnant woman to her fetus and can cause serious birth defects. Pregnant women should not travel to any area with Zika virus. Those who must travel should talk with a healthcare provider before going, strictly follow steps to prevent mosquito bites,

and use a condom or do not have sex. A man can pass Zika virus to his partner(s) even if he does not have symptoms at the time, or if his symptoms have gone away. While there is one documented case of Zika virus transmission from a woman to a man, more is still being learned. Condoms can reduce the chance of getting Zika virus from sex. All pregnant women with sex partners who live in or have traveled to an area with Zika should use condoms or not have sex during their pregnancy, even if their partners do not have Zika virus symptoms or if their symptoms have gone away. People who live in or have traveled to an area with Zika virus should consider using condoms to protect their sex partners-man or woman.

## Recomendaciones Para Cuando Viaje a Países con Virus del Zika

Visitar a amigos y familiares en áreas con el virus del Zika requiere precauciones especiales, porque las personas pueden permanecer más tiempo, estar en lugares con menos protección contra los mosquitos (ej: casas sin protecciones de mamparas de tela de alambre o aire acondicionado), o estar en lugares familiares donde las personas pueden no tomar tantas precauciones para mantenerse sanos. Actualmente, los Centros para el Control

y la Prevención de Enfermedades (CDC) ha documentado la proliferación del virus del Zika en casi 50 países y territorios, incluyendo Centro y Sudamérica y las Islas del Caribe. Para saber si un país que tal vez visite tiene el virus del Zika, vea la red de CDC en <http://www.cdc.gov/zika/geo/active-countries.html>. El virus del Zika se trasmite primeramente por medio de la mordedura de un mosquito infectado. Siga

## NLEI Celebrates 44 Years of Changing Lives

The National Latino Education Institute, the nation's oldest Latino-led provider of specialized professional and vocational job training programs, held its 44th annual gala, emceed by CBS-2 Anchor, Roseanne Tellez on Tuesday, June 21st. "NLEI works hard all year designing and delivering accredited training in information technology, health care, skilled trades, and in reaching out to our communities where the need is great," said NLEI Executive Director Elba Aranda-Suh. "So when it comes to our annual gala, we make sure it's a really festive and fun celebration." Formerly known as the Spanish Coalition for Jobs, the organization was a leader in job advocacy for Latinos in the 1960s, and has evolved into a nationally accredited non-profit business education institute, servicing the greater Chicago area. Today, NLEI continues to offer quality, market-driven education, resulting in real jobs, offering career

advancement and the chance for low-income and underserved individuals to achieve financial stability. NLEI graduates are tomorrow's leaders in business, healthcare, media, public service and entrepreneurship.

This year, Arthur Zayas Miller, President and CEO of the MZI Group, was the recipient of NLEI's prestigious Founder's Award. Mr. Miller is a leader in electrical contracting for major projects both in the metropolitan Chicago area and nationally. Miller grew up on the South Side and founded his Chicago-based

MZI Group Inc. some 25 years ago, focusing on electrical and mechanical construction. MZI assists major clients such as ComEd in implementing new "smart energy" tools to reduce energy consumption. The company is among the largest Latino-owned businesses in the Midwest. "I am a steadfast supporter of NLEI. The skilled trades remain an expanding field," said Zayas Miller in accepting the award. "Good jobs in electrical and construction are a real pathway to the middle class." For more information about NLEI, visit [nlei.org](http://nlei.org).

## NLEI Celebra 44 Años de Cambiar Vidas

El Instituto Nacional del Educación Latina, el más antiguo proveedor de programas de entrenamiento del empleo, vocacionales y profesionales especializados, conducido por latinos, celebró el martes, 21 de junio, su gala No. 44, teniendo como maestra de ceremonias a la Presentadora de CBS-2, Roseanne Téllez. “NLEI trabaja mucho todo el año diseñando y prestando acreditado entrenamiento en tecnología de información, cuidado de salud, destreza en comercio y en llegar a nuestras comunidades donde la necesidad es grande”, dijo la Directora Ejecutiva de NLEI, Elba Aranda-Suh. “Por lo que cuando se trata de nuestra gala anual, nos aseguramos de que sea una celebración alegre y divertida”. Anteriormente conocida como Spanish Coalition for Jobs, la organización fue líder en asesoría de empleos para latinos en la década de 1960 y ha evolucionado hasta convertirse en un instituto de educación comercial, no lucrativo, acreditado a nivel nacional y sirviendo al área de Chicago”. Hoy, NLEI continúa ofreciendo

educación de calidad sobre mercadeo, lo que da como resultado buenos empleos, ofreciendo avance en carreras y la oportunidad para que personas marginadas y de bajos ingresos logren la estabilidad financiera. Los graduados de NLEI son los líderes del mañana en comercio, cuidado de salud, medios de comunicación, servicios públicos y empresariales.

Este año, Arthur Zayas Miller, Presidente y CEO de MZI Group, fue el recipiente del prestigioso Premio Founder's de NLEI. El Sr. Miller es un líder en contratación eléctrica para importantes proyectos, tanto en Chicago como a nivel nacional. Miller creció en el Sector Sur y fundó su MZI Group

Inc., de Chicago, hace aproximadamente 25 años, enfocado en construcción eléctrica y mecánica. MZI ayuda a importantes clientes como ComEd a implementar nuevos medios de “energía inteligente” para reducir el consumo de energía. La compañía se encuentra entre los negocios latinos más grandes del Medio Oeste. “Soy un firme partidario de NLEI. El comercio adiestrado sigue siendo un campo en expansión”, dijo Zayas Miller al aceptar el premio. “Buenos empleos en el campo eléctrico y de la construcción son un verdadero camino al éxito para la clase media”. En caso de accidentes con víctimas múltiples, la ciudad de Río de Janeiro tiene una reserva de 235 camas de hospital, de las cuales 135 están en hospitales federales, 50 en

Para la duración de los Juegos Olímpicos y Paralímpicos, Brasil ha contratado 2,500 profesionales de salud adicionales y 3,500 contratistas, quienes realizarán inspecciones y eliminarán vectores de peligro del virus del dengue. El Ministerio de Salud ha invertido 72 millones de reales (\$22 millones de dólares) en la adquisición y mantenimiento de 146 nuevas ambulancias, para responder a cualquier emergencia durante la competencia.

Siempre use estos productos de acuerdo a las instrucciones. •Permanezca y duerma en cuartos con aire acondicionado y con ventanas protegidas por mamparas de tela de alambre, siempre que sea posible. Duerma bajo un pabellón contra mosquitos si no existen cuartos con aire acondicionado o mamparas o si duerme al aire libre.

El virus del Zika puede pasar también de una mujer embarazada a su feto y causar graves defectos de nacimiento. Las mujeres embarazadas no deben viajar a ningún área con virus del Zika. Las que tengan que hacerlo deben hablar con un proveedor de salud antes de ir, seguir estrictamente los pasos indicados para evitar las picaduras de los

mosquitos y usar un condón o no tener sexo. Un hombre puede pasar el virus del Zika a su pareja, aunque en ese momento no tenga síntomas, o sus síntomas hayan desaparecido. Aunque hay documentado un caso de la transmisión del virus del Zika de una mujer a un hombre, aún se necesitan más estudios. Los condones pueden reducir el peligro de contraer el virus del Zika del sexo. Todas las mujeres embarazadas con parejas sexuales que vivan o que hayan viajado a un área con el virus del Zika deben utilizar condones o no tener sexo durante su embarazo, inclusive si su pareja no tiene los síntomas del virus del Zika o si sus síntomas han desaparecido. La gente que vive o que ha viajado a un área con virus del Zika debe considerar utilizar condones para proteger a su pareja sexual, hombre o mujer.

## Mexican Minister Calls for 'Society's Participation' in Fighting Obesity

Obesity, a phenomenon in which Mexico is the world leader, depends on many factors, including portion size of the type of food consumed, as well as lack of exercise, but above all a change in the public's attitude, Health Minister Jose Narro said Wednesday. "The issue of obesity is a complex one, there's no single measure and no single cause that explains it, there's no single action that avoids and prevents

it," Narro said in an interview with EFE after five months in the job, although this is the third time he has served in a top-level post in that ministry.

He said that "seven out of every ten Mexicans is overweight or obese," and one in every three children suffer from those problems. The minister said that the solution "involves a change in the diet" and "the sedentary life" of many Mexicans. Another element in the equation that the minister stressed is the size of the meal portions on Mexican tables, a country with a rich gastronomic tradition and where people love to eat. "Virtue lies not only in abstinence but in continence. Sometimes families lose the perspective that the portion for a 4 or 5-year-old can't be the same as for a boy of 12," he said. Narro noted that overweight and obesity "have important implications" such as metabolic syndrome, cardiovascular problems and diabetes.

In the case of diabetes, he said that the country "has a genetic basis" that makes the people "prone" to develop this disease. In 2014, more than 94,000 Mexicans died from complications of diabetes, or "one in every seven Mexicans who died," he emphasized. Mexico also has "a serious problem of renal insufficiency," of "amputations, retina problems, of the vascular system, the nervous system, the endocrine (system)," he said, acknowledging that "important advances are being made," but warning that they are not enough. "Here, as in the majority of pathologies, we need the participation of society," he warned, adding that "we need ... help transmitting information to Mexican families."

## Ministro Mexicano Pide la Participación de la Sociedad para Combatir la Obesidad

La obesidad, un fenómeno en el que México es el líder mundial, depende de muchos factores, incluyendo el tamaño de las porciones del tipo de alimento consumido, así como la falta de ejercicio, pero sobre todo, de un cambio en la actitud del público, dijo el Ministro de Salud, José Narro, el miércoles. "El problema de la obesidad es un problema complejo, no hay una sola medida ni una sola causa que lo explique, ni hay una sola acción que lo evite y lo prevenga", dijo Narro en una entrevista con EFE después de cinco meses en el empleo, aunque esta es la tercera vez que ha servido en uno de los puestos más elevados del ministerio.

El Sr. Narro dijo que "siete de cada diez mexicanos tiene sobrepeso o está obeso", y uno de cada tres niños sufre de esos problemas. El ministro dijo que la solución "involucra un cambio en la dieta" y "la vida sedentaria" de muchos mexicanos. Otro elemento en la ecuación que el ministro enfatiza es el tamaño de las porciones de comida en la mesa del mexicano, un país con una rica tradición gastronómica y en donde la gente disfruta comiendo. "La virtud yace no solo en la abstinencia sino en la continencia. Algunas familias pierden la perspectiva de que la porción para un niño de 4 o 5 años no puede ser la misma que para un niño de 12", dijo. Narro hizo notar que tanto el sobrepeso como la obesidad "tienen importantes implicaciones" como el síndrome metabólico, problemas cardiovasculares y la diabetes.

En el caso de la diabetes, dijo que el país "tiene una base genética" que hace a la gente "propensa" a desarrollar esta enfermedad. En el 2014, más de 94,000 mexicanos murieron de complicaciones de la diabetes o "uno de cada siete mexicanos que murieron", enfatizó. México tiene también un "grave problema de insuficiencia renal", de "amputaciones, problemas de retina, del sistema vascular, el sistema nervioso y del sistema endocrino", dijo, reconociendo que se han hecho "importantes avances", pero advierte que no son suficientes. "Aquí, como en la mayoría de las patologías, necesitamos la participación de la sociedad", advirtió, agregando que "necesitamos... ayuda transmitiendo información a las familias mexicanas".

Makes 8 servings

**Ingredients:**  
2 cups honey  
4 lbs fresh chicken wings  
3 cups rice wine vinegar  
¼ cup Sriracha  
2 tablespoons salt

**Preparation:**  
Place wings in a large bowl and rinse with cool water. Add rice wine vinegar, sriracha, salt and ½ of the honey. Fold to incorporate all the ingredients and coat the wings evenly. Using the slow and low method of BBQ'ing, set grill temperature to 225-240 degrees. If using coals, let them burn off and move over to one side of the grill.

Place the wings on the grill, cover with a lid and cook for 12-14 minutes before turning once and letting them cook for an additional 15-18 minutes. Open the lid and turn the

wings one more time. Brush the remaining honey onto the wings. Let the wings cook for 5-8 more minutes, remove from heat and serve them up hot and juicy!
