'Public Charge' Could Harm Illinois Families

'Public Charge' Could Harm Illinois Families

By: Ashmar Mandou

In early September, the Department of Homeland Security proposed a new rule that would change who is considered a "public charge" that could potentially restructure the legal immigration system. And with days away from finalization, local organizations such as the Illinois Coalition for Immigrant and Refugee Rights and Mujeres Latinas en Acción are urging Illinois residents to make their voices heard.

"Mujeres Latinas en Acción has grave concerns regarding the immense harm that the proposed "public charge" rule will have on immigrants, and specifically on immigrant survivors of domestic violence and sexual assault," MLEA released in a statement.

Public charge is a term used in immigration law to refer to a person who is primarily dependent on the government to meet their basic needs. In Illinois, 1 million people—including

379,000 children—could be impacted. Thirteen percent of Cook County's population, or 658,000 people, could be affected by this rule change. In Kane, Lake, DuPage and Will counties, an estimated 261,000 people could be impacted.

If "public charge" passes it would allow immigration officials to consider some immigrants' use of Medicaid, food stamps, and housing programs when deciding whether they should be able to become legal permanent residents, such as receiving

a green card. The Trump administration has said the proposal is meant to promote self-sufficiency and save taxpayer money by not allowing immigrants to stay in the U.S. if they're likely to become financial burdens on the country. "The proposed rule would threaten the legal status of millions of immigrant families in Illinois and nationwide. Under this inhumane new standard, immigration officials could penalize immigrants seeking green cards or visas to come to the U.S. if they have received,

or are judged likely to receive, health coverage through Medicaid; certain prescription drug subsidies; food assistance; public housing or housing vouchers; and cash assistance. The proposed rule has already caused families to unnecessarily disenrollment from crucial assistance programs and has created fear among communities," released Protecting Immigrant Families in a statement.

The Trump administration's proposal will add standards, such as income, health, age

and English language proficiency in addition to expanding the forms of public assistance that are counted in a public charge determination. If finalized, this regulation would dramatically reshape the legal immigration system. Comments on the proposal are being accepted through December 10th, after which the administration may finalize it. El Término 'Carga Pública' Podría Dañar a las Familias de Illinois

Por Ashmar Mandou

A principios de septiembre, el Departamento de Homeland Security propuso una nueva regla que cambiaría a quien es considerado una "carga pública" y que podría re-estructurar potencialmente el sistema de inmigración. Y con solo días para su finalización, organizaciones locales como Illinois Coalition for Immigrant and Refugee Rights y Mujeres Latinas en Acción exhortan a los residentes de Illinois a que hagan oír su voz.

"Mujeres Latinas en Acción tiene graves preocupaciones sobre el inmenso daño que la propuesta regla de "carga pública" tendría sobre los inmigrantes, específicamente sobre inmigrantes sobrevivientes de violencia doméstica y asalto sexual", publicó MLEA en una declaración.

Carga pública es un término utilizado en la ley de inmigración para

referirse a una persona que principalmente depende del gobierno para atender sus necesidades básicas. En Illinois, 1 millón de personas – incluyendo 379,000 niños – podrían ser afectados. Trece por ciento de la población del Condado de Cook, o 658,000 personas podrían verse afectadas por este cambio. En los condados de Kane, Lake, DuPage y Will, un estimado de 261,000 personas podrían ser afectadas.

"Si lo de "carga pública" es aprobado, permitiría a los funcionarios de inmigración considerar el uso del Medicaid, estampillas de comida y programas de vivienda de algunos inmigrantes como un factor para decidir si deberían convertirse en residentes permanentes legales, como recibir una tarjeta verde. La administración Trump ha dicho que el propósito es promover la autosuficiencia y ahorrar dinero de los contribuyentes, no permitiendo que los

inmigrantes permanezcan en E.U. si es probable que se conviertan en carga financiera para el país. "La regla propuesta amenazaría el estado legal de millones de familias inmigrantes en Illinois y en toda la nación. Bajo esta inhumana nueva norma, los funcionarios de inmigración podrían penalizar a los inmigrantes que buscan una tarjeta verde o visa para venir a E.U. si han recibido, o se cree que pueden recibir, cobertura de salud a través de Medicaid; ciertos subsidios en medicina con receta; asistencia en alimentos; vivienda pública o vales de vivienda o asistencia en efectivo. La regla propuesta ha causado ya que familias terminen innecesariamente con la inscripción en programas cruciales de ayuda y ha creado temor entre las comunidades", publicó Protecting Immigrant Families en una declaración.

La propuesta de la administración de Trump añadirá normas, como

ingreso, salud, edad, y proficiencia en el inglés, además de aumentar las formas de ayuda pública que son consideradas como carga pública. Si

llega a entrar en vigor, esta regulación remodelaría dramáticamente el sistema de inmigración legal. Se aceptan comentarios sobre la propuesta hasta el 10 de

diciembre, después de esa fecha la administración puede pasarla. Si desea enviar su comentario, visite www.protectingimmigrantfamilies.org/#take-action

Cicero Firefighters Rescues Four from Fire

Cicero Firefighters extinguished a fire at a four-unit apartment building at 1524 S. 51st Court late last night believed to have started in a bathroom in one of the apartment units. Fire officials said this fire could have been devastating because of the timing and had they not arrived when they did would easily have spread throughout the building. Cicero firefighters rescued two children (8, 10 years old) and two young women in their 20s from the building. The Town of Cicero and the staff of the Cicero Emergency Shelter Program are working with the four (4) families living in the building who were forced to leave the building because of the fire to find temporary shelter. A total of 18 people are impacted and displaced by the fire. There were no injuries or fatalities. The cause of the fire is under investigation.

Los Bomberos de Cicero Rescatan a Cuatro Personas de un Incendio

Los Bomberos de Cicero extinguieron un fuego en un edificio de apartamentos de cuatro unidades, en el 1524 S. 51st Court, la noche de anoche. Los bomberos de Cicero rescataron a dos niños de 8 y 10 años y dos mujeres jóvenes de aproximadamente 20 años, del edificio. El Municipio de Cicero y el personal del Programa de Albergue de Emergencia de Cicero están trabajando con las cuatro familias que viven en el edificio que fueron forzados a dejar el inmueble a causa del fuego, para encontrarles un albergue temporal. Fondo de Protección Legal de la Ciudad Atiende un Número Récord en la Comunidad de Inmigrantes

El Alcalde Rahm Emanuel se unió a voluntarios de la comunidad y líderes de la ciudad para anunciar que el Fondo de Protección Legal de Chicago ha atendido un número récord de 50,000 inmigrante a través de la difusión comunitaria, la educación, consultas

legales y representaciones en la corte – sobrepasando todas las metas del segundo año. National Immigrant Justice Center (NIJC) ofrece escrutinios legales y representación para el Fondo, con el apoyo pro bono de más de 10 firmas legales locales. De acuerdo a un reporte de

American Immigration Council, inclusive aunque los inmigrantes que tienen abogado tienen cerca de cinco veces más probabilidades de ganar sus casos que los que no tienen abogado, el gobierno de los Estados Unidos no ofrece un consejero designado a

Maneja Sobrio o Serás Detenido Estas Vacaciones

Las fiestas son un momento en que los amigos, la familia y los compañeros de trabajo se reúnen para celebrar. Donde quiera que estés – en una fiesta en la oficina, en la casa de un miembro de la familia o fuera en un bar – es esencial que tomes alternativas de vida para manejar sobrio cuando la fiesta termine. Para ayudar a correr el mensaje sobre los peligros de manejar en estado inconveniente, el Departamento de Policía de Berwyn se afilia con el Departamento de Transporte de Illinois, la Policía Estatal de Illinois y cerca de 200 policías y departamentos del alguacil de todo el estado. La meta es simple: sacar a todos los conductores ebrios de la carretera y ayudar a salvar vidas. Si planeas beber, planea que un conductor

sobrio te lleve de regreso a casa. ¿Te toca a ti ser el conductor designado? Toma tu papel en serio – tus amigos confían en ti. •Recuerda, nunca está bien manejar después de haber tomado drogas o alcohol. Inclusive si solo has tomado una bebida. •Designa un conductor sobrio, usa el transporte

público, has que alguien te lleve o quédate a pasar la noche. •Si ves un conductor en malas condiciones en la carretera, llama al 911. •¿Tienes un amigo que está a punto de manejar en estado inconveniente? quítale las llaves y ayúdalo a que llegue a casa a salvo. Te lo agradecerá más tarde.

Drive Sober or Get Pulled Over this Holiday Season

The holidays are a time for friends, family and coworkers to come together in celebration. Wherever you are — at an office party, a family member's home or out at a bar — it is essential that you make the lifesaving choice to drive sober when the party ends. To help spread the message about the dangers of impaired driving, The Berwyn Police Department

is partnering with the Illinois Department of Transportation, the Illinois State Police and nearly 200 police and sheriff's departments across the state. The goal is simple: Get impaired drunk drivers off the roads and help save lives. If you plan to drink, plan for a sober driver to take you home. Is it your turn to be the designated driver? Take that role

seriously — your friends are relying on you. •Remember, it's never OK to drive impaired by drugs or alcohol. Even if you've had only one alcoholic beverage. •Designate a sober driver, use public transportation, use a ride service, or opt to spend the night. •If you see an impaired driver on the road, call 911. •Have a friend who is about to drive impaired? Take the keys away and help them get home safely. They'll thank you later.

City's Legal Protection Fund Serves Record in Immigrant Community

Mayor Rahm Emanuel joined community volunteers and city leaders to announce that Chicago's Legal Protection Fund has served a record 50,000 immigrants through community based outreach, education, legal consultations and courtroom representation – surpassing all second year goals. The National Immigrant Justice Center (NIJC) provides the legal screenings and representation for the Fund with the pro bono support from more than 10 local law firms. According to a report by the American Immigration Council, even though immigrants who have lawyers are nearly five times more likely to win their cases than those without lawyers, the U.S. government does not offer appointed counsel to immigrants facing deportation.

Partnering organizations include: Centro de Trabajadores Unidos, Centro Romero, Erie Neighborhood House, Hana Center, Indo-American Center, Instituto del Progreso Latino, National Partnership for New Americans, Southwest Organizing Project, and United African Organization. Administered through the Heartland Alliance National Immigrant Justice Center (NIJC) and the Resurrection Project. New data released today by New American Economy (NAE) and the Illinois Business Immigration Coalition shows that immigrants represented 36 percent of entrepreneurs in Chicago and generated \$659 million in business income in 2016. The report also shows that immigrants held nearly a quarter of the spending power among the city's residents, earned nearly \$17 billion in household income, and paid \$6 billion in taxes in 2016.

City Colleges of Chicago Announces Men of Color in Education Initiative

By: Ashmar Mandou

Recently, City Colleges of Chicago announced a new initiative called Men of Color in Education (MCE) designed to support men of color pursuing careers in the education field. MCE will launch on three distinct tracks in summer 2019, and will provide students with college coursework, mentorship, and work-based learning experiences.

“This initiative has so many positive components to it – Chicago students will benefit from seeing more people who look like them at the heads of their classrooms, and talented young men will benefit from pursuing a career that gives them the chance to develop the next generation of leaders of our city,” said City Colleges of Chicago Chancellor Juan Salgado. The Men of Color in Education initiative will be led by men of color in the education field across Chicago. These educators will work closely with three groups of students who are interested in pursuing a career in education. The MCE initiative is three semesters, and students can earn a college-level early childhood credential or 15 transfer credits.

“There is a void when it comes to men of color in education, and this unique initiative—which was built by educators and for educators—allows Truman and City Colleges to help fill that need,” said Dr. Shawn Jackson, President of Truman College, which is City Colleges’ center of excellence in education, human and natural sciences and has taken the lead on guiding education programs at City Colleges. “With an esteemed group of mentors and strong support from CPS and our communities, these students will make up

the next wave of minority leaders in education.”

The students will pursue an early childhood or education credential at City Colleges, with all classes for the MCE students offered at Truman College. “We’re working together with our partners to help bolster the pipeline of quality educators who reflect the students they serve, which exemplifies our underlying belief that the strength of our district lies in our diversity,” CPS Chief

Education Officer LaTanya D. McDade. “We must invest in a diverse educator pipeline and by extending our hands as mentors, we can build and empower the leaders of tomorrow.” Students who have not yet completed a degree or credential will be given preference. To learn more about the Men of Color in Education initiative or to apply, students should contact Hollie Ware-Jaye at 773-907-4456 or hwarejaye@ccc.edu.

Los Colegios de la Ciudad de Chicago Anuncian Hombres de Color en Iniciativa de Educación

Por: Ashmar Mandou

Recientemente, los Colegios de la Ciudad de Chicago anunciaron una nueva iniciativa llamada Hombres de Color en Educación (MCE) diseñada a apoyar a hombres de color que persiguen carreras en el campo educativo. MCE se lanzará en tres pistas distintas en el verano del 2019 y proveerá a los estudiantes con cursos universitarios, tutoría y experiencias de aprendizaje basadas en el trabajo.

“Esta iniciativa tienen tantos componentes positivos – los estudiantes de Chicago se beneficiarán de ver más personas que lucen como ellos dirigiendo sus salones de clase y jóvenes talentosos se beneficiarán se seguir una carrera que les da la oportunidad de desarrollar la próxima generación de líderes de nuestra ciudad”, dijo el Canciller de los Colegios de la Ciudad de Chicago, Juan Salgado. La iniciativa Hombre de Color en Educación será conducida por hombres de color en campos educativos de Chicago. Estos educadores trabajarán en estrecha colaboración con tres grupos de estudiantes

interesados en seguir una carrera de educación. La iniciativa MCE es de tres semestres y los estudiantes pueden obtener una credencial para estudios de la primera infancia a nivel universitario o 15 créditos de transferencia.

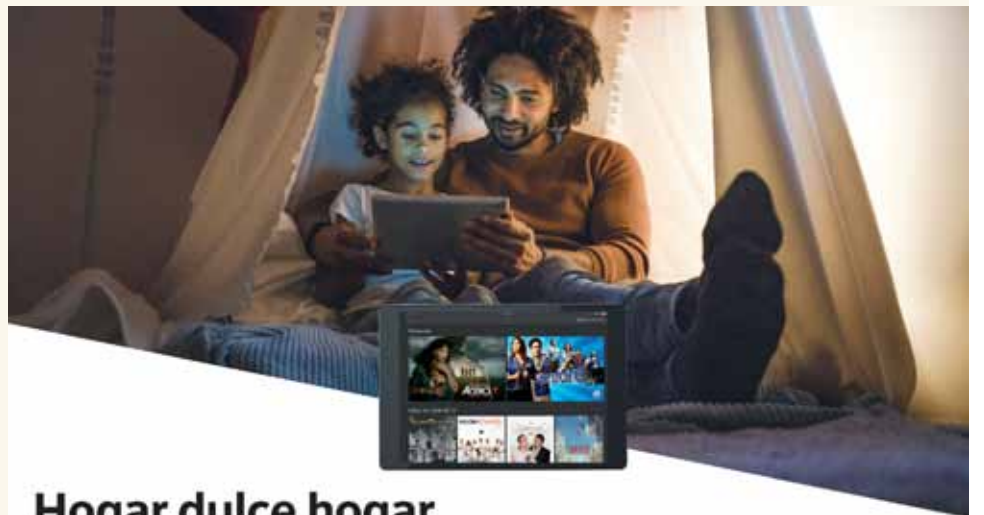

“Hay un vacío cuando se trata de hombres de color en la educación, y esta iniciativa única – elaborada por educadores y para educadores – permite que Truman y los Colegios de la Ciudad ayuden a llenar esa necesidad”, dijo el Dr. Shawn Jackson, Presidente de Truman College, centro de excelencia en educación y ciencias naturales y humanas de los Colegios de la Ciudad, que ha tomado el liderazgo en programas educativos de los Colegios de la Ciudad. “Con un grupo estimado de tutores y un fuerte apoyo de CPS y nuestras comunidades, estos estudiantes serán la próxima ola de líderes minoritarios en educación”.

Los estudiantes perseguirán una credencial en educación temprana o educación en los Colegios de la Ciudad, con todas las clases para los estudiantes MCE ofrecidas en el Truman College. “Trabajamos juntos con nuestros afiliados para

ayudar a reforzar el flujo de educadores de calidad que reflejen a los estudiantes a quienes servimos, que ejemplifique nuestras creencia de que la fuerza de nuestro distrito yace en nuestra diversidad”, dijo la funcionaria de Educación en Jefe de CPS, LaTanya

D. McDade. “Debemos invertir en un grupo de educadores diversos y extendiendo nuestras manos como tutores podemos construir y empoderar a los líderes del mañana”. Los estudiantes que no hayan completado un diploma o credencial

tendrán la preferencia. Para más información sobre la iniciativa Hombres de Color en Educación, o para hacer una solicitud, los estudiantes deben comunicarse con Hollie Ware-Jaye al 773-907-4456 o hwarejaye@ccc.edu.

Five Myths About the Flu

By Dr. Julie Daftari,
Chief Medical Officer,
UnitedHealthcare of
Illinois

Edited by Lawndale
Bilingual News

Winter weather has arrived, and so has the annual flu season. While flu – or influenza – is most serious for older Americans and people with certain chronic conditions, influenza can affect people of all ages and lead to hospitalizations, significant health complications and even death. As many as 35 million flu cases are expected this year, starting in October and continuing into May, according to the Centers for Disease Control and Prevention (CDC). The peak months are December through February. Most people have likely had the flu at some point – with symptoms such as a constant cough, sore throat, a runny or stuffy nose, body aches, headaches and fatigue – yet many myths and misperceptions remain. Here a few myths and facts that can help you and your loved ones reduce the risk of catching the flu.

Myth: Flu shots don't really work.

Fact: The flu vaccine reduces the risk of contracting and spreading

the disease by up to 60 percent, according to the CDC. The vaccine's effectiveness depends on multiple factors – including the amount of time between vaccination and exposure to the disease, your age and health status – yet studies show that the flu vaccination benefits public health, especially when the vaccine is well matched to that year's circulating viruses.

Myth: I exercise and eat healthy, so I don't need to get vaccinated.

Fact: It is true being healthy may help you recover from illness more quickly, but it won't prevent you from getting or spreading the flu virus.

Even healthy people can be infected and spread the flu virus without showing symptoms.

Myth: The flu vaccine is only necessary for the old and very young.

Fact: The CDC recommends flu shots for everyone six months and older. Getting vaccinated later in the flu season – through January or even after – can still be beneficial. It is important to start early in the season for children, as two doses of the vaccine may be necessary, with the shots given at least four weeks apart.

Visit the CDC website at cdc.gov/flu to search for a nearby care provider based on your zip code.

CDPH Announces Historic Decline in New HIV Diagnoses

The Chicago Department of Public Health (CDPH), on World AIDS Day, celebrates that HIV diagnoses in Chicago hit a new record low after five consecutive years of declines. CDPH's 2017 HIV/STI Surveillance Report shows a 15 percent decrease in residents newly diagnosed with HIV in 2017 compared to one year earlier. This continued decrease is supported by Chicago's Getting to Zero initiative with the goal of effectively eliminating all new diagnoses of HIV in Chicago within the next decade. Chicago is also making tremendous gains to reach the national HIV/AIDS strategy of having 85 percent of new diagnosis linked to care within one month of diagnosis. This Surveillance Report shows that 82 percent of those newly diagnosed with HIV in Chicago were

linked to HIV medical care within one month of diagnosis. That is up from 80 percent in 2016 and ahead of national rates. Research shows the sooner a person living with HIV starts medications, the

healthier they can be. In 2017, only 752 residents newly diagnosed with HIV compared to 839 in 2016, and down 60 percent from 1,850 in 2001, the height of new HIV diagnoses in the city.

CPS Announces Partnerships at Early College STEM Schools

Chicago Public Schools announced the three industry partners supporting Solorio Academy, Crane Medical, and Infinity Math and Science Academy – the district's new Early College STEM Schools (ECSS) that were announced this spring. Through Early College STEM programming, students get access to industry expertise, while learning a 21st Century STEM Curriculum, increasing opportunities to earn college credit, internship experiences, and working toward an associate degree while still in high school. Early College STEM schools leverage external partnerships to prepare students for the technology careers of the future; the following industry partners have newly paired, or expanded their partnership, with the following schools:

- Crane Medical Preparatory High School – Rush University Medical Center
- Infinity Math, Science, and Technology High School – Verizon
- Solorio Academy High School – Salesforce.org

Industry partnerships

provide both support for students with a connection between classroom

learning and the real world. The partners also provide mentorship programming,

internships, and other work-based experiences for students.

Pop-Up License Launches for Emerging Businesses

The Business Affairs and Consumer Protection (BACP) Commissioner Rosa Escareño announced that the new Pop Up License is now available for entrepreneurs and property owners. The innovative and business-friendly new license type supports citywide efforts to fill vacant stores and invigorate neighborhoods

with new businesses. Entrepreneurs looking to operate as a pop-up can now obtain an affordable, easy-to-get, pop-up user license. Users will have the option of receiving a 5-, 30-, 90-, 180-, or 365-day license, depending on their business activity for \$25 to \$150 depending on length of activity and without on-site inspection. User licenses are not tied

to a location, so the holder can “pop-up” in different venues during the length of the license and operate all around the city. For more details on the Pop-Up business licenses, check out the BACP website, https://www.cityofchicago.org/city/en/depts/bacp/supp_info/chicagopopupinitiative.html

Gingerbread Cookies

Ingredients

36 servings
¼ cup butter, softened
¼ cup 50% to 70% vegetable oil spread
½ cup packed brown sugar (see Tip)
2 teaspoons ground ginger
1 teaspoon baking soda
1 teaspoon ground cinnamon
¼ teaspoon salt
¼ teaspoon ground cloves
¼ cup full-flavor molasses
¼ cup refrigerated or frozen egg product, thawed, or 1 egg
2 cups all-purpose flour
¾ cup white whole-wheat flour or whole-wheat flour

well mixed, scraping side of bowl occasionally. Beat in molasses and egg. (Mixture will look curdled.) Add all-purpose flour and whole wheat flour, beating just until combined. Divide dough in half. Cover and chill the dough for 2 to 3 hours or until easy to handle.

2.Preheat oven to 375°F. Lightly grease cookie sheets or line with parchment paper; set aside. On a lightly floured surface, roll dough, half at a time, to ⅛-inch thickness. Using a 2- to 3-inch gingerbread person cookie cutter, cut out shapes; re-roll scraps as necessary. Place cutouts

1 inch apart on prepared cookie sheets.
3.Bake for 4 to 6 minutes or until edges are firm and centers are set. Cool on cookie sheets on wire racks for 1 minute. Transfer to wire racks; cool. Tip: We do not recommend using brown sugar substitutes for this recipe.

1.Whisk whole-wheat flour, all-purpose flour, baking powder, baking soda and salt together in a medium bowl.
2.Place coconut oil and

plastic wrap. Refrigerate for 30 minutes.
3.Preheat oven to 325°F. Line 2 baking sheets with parchment paper.
4.Working with 1 piece of dough at a time (keep remaining dough refrigerated while you work), roll dough between 2 pieces of parchment until about

¼-inch thick. Using 2- to 3-inch cookie cutters, cut out shapes. Lift off top sheet of parchment. Using a metal spatula, transfer the cookies to a prepared baking sheet (see Tip). Reserve the scraps to reroll. Repeat with the remaining pieces of dough and scraps.
5.Bake cookies, one baking sheet at a time, until lightly

browned around the edges, 10 to 16 minutes.
To make ahead: Refrigerate dough (Steps 1 and 2) for up to 4 days. Let dough stand at room temperature for 30 minutes before rolling.
Tip: If you have trouble transferring the cookies to the baking sheet, leave the cookies on the parchment and peel away excess

dough, leaving the cut-out shapes on the parchment. If the dough is too soft to peel away easily, place the parchment on a baking sheet and freeze for 10 to 20 minutes. Carefully transfer the parchment with the cookies to a baking sheet and bake as directed in Step 5.
