After six years in the making, La Casa Norte on Tuesday returned to its original location with the grand opening of The Foundation Project, a new \$20-million-dollar state-of-the-art mixed-use facility on Tuesday. The Foundation Project will provide supportive housing units for youth and families that are experiencing homelessness; a youth drop-in center; community healthcare center; nutrition center with a community café; a food pantry; homelessness prevention services; and La Casa Norte's headquarters.

"This new center will provide resources, dignity and safety in the heart of the Humboldt Park community and we could not be more proud or grateful to everyone who has been a part of this journey," said Sol Flores, La Casa Norte founding executive director. "Thousands of Chicago's most vulnerable community members will come through our doors in search of healing and hope and will receive the best and most complete resources possible. The Foundation Project will allow those we serve to achieve their dream of independence in an atmosphere full of life

and energy."

Designed by Landon Bone Baker architects, the five-story building is located at 3533 W. North Avenue. Key features of the new La Casa Norte center,

will provide integrated and comprehensive wrap-around and homelessness prevention services include:

•Pierce House, a collection of 25 on-site supportive

housing units for youth between the ages of 18 and 24 and families that are experiencing homelessness  
•Federally qualified

community health care center, run in partnership with Howard Brown Health Center, where anyone in a low-income bracket will

have access to doctor visits and checkups

A first of its kind in Chicago, generous support from dozens of families, organizations and private foundations helped make the La Casa Norte facility possible including the City of Chicago, PNC Financial Services Group, Denis Pierce, Betty Phillips, Lester and Becky Knight and the Pritzker Community Health Initiative, a project of the J.B. and M.K. Pritzker Family Foundation.

"La Casa Norte's work is rooted in the belief that housing and supportive services are critical to ending homelessness, which the dedicated staff and volunteers have worked tirelessly to provide for the past 16 years," said Howard Hayes, president, La Casa Norte Board of Directors. "This state-of-the art, comprehensive facility will not only allow for a dramatic increase in the number of at-risk youth and families helped, but will also bring transformational economic development and revitalization to Chicago's Humboldt Park community."

# Muestra a tu Corazón un Poco de Amor

**Por: Ashmar Mandou**

Febrero es el mes del amor, pero para los estadounidenses es también el Mes del Corazón. Las enfermedades cardíacas son la causa número uno de muerte entre los estadounidenses, llevándose la vida de 2,200 personas cada año. Además, 103 millones de adultos padecen de presión arterial alta y 6.5 millones viven con fallas cardíacas. Aunque los factores genéticos juegan un papel importante en las enfermedades cardiovasculares, la buena noticia es que el 80 por ciento de las enfermedades cardiovasculares son prevenibles con educación y acción. Sencillos cambios de estilo de vida pueden hacer un gran impacto cuando de la salud del corazón se trata. Muestra

a tu corazón un poco de amor con estos consejos.

## **Deja de fumar**

Dejar de fumar es lo mejor que puedes hacer para el corazón y para tu salud en general. Fumar es la causa más prevenible de una muerte prematura en Estados Unidos y los fumadores tienen un riesgo más alto de desarrollar muchas enfermedades crónicas, incluyendo la arteroesclerosis, o acumulación de sustancias grasosas en las arterias. Cuando se combina con otros factores de riesgo de enfermedades cardíacas, el fumar aumenta los riesgos asociados con esos factores.

## **Desarrolle algo de músculo**

El entrenamiento de fuerza complementa el ejercicio cardiovascular tonificando los músculos y quemando grasa.

Además, el entrenamiento de fuerza apropiado puede mejorar los movimientos funcionales diarios, disminuyendo la probabilidad de lesiones. La Asociación Estadounidense del Corazón recomienda dos días de entrenamiento de fuerza de alta intensidad, moderada, cada semana.

## **Duerma más**

El sueño restaura el cuerpo, ayuda a disminuir la tensión y aumenta la felicidad en general. Para tener los beneficios completos, dormir siete horas cada noche es la clave. Una rutina calmada de ir a la cama e ir a la cama y despertar a la misma hora todos los días es una gran forma de establecer patrones de sueño saludables. Exponerse a la luz del sol y la actividad física durante el día ayuda también a mejorar la

calidad del sueño.

## **Limite la comida chatarra**

Para alcanzar todos los beneficios de una dieta saludable para el corazón es importante limitar la ingestión de comida chatarra con pocos

nutrientes. Mucha azúcar, grasa saturada y sal en exceso pueden impactar en forma negativa la salud de su corazón, así como su salud física en general. Estas comidas, cuando se comen con exceso,

pueden hacerle aumentar de peso y padecer presión arterial alta y arterias bloqueadas, todo lo cual es un factor de riesgo para las enfermedades cardíacas.

## Garfield Park Conservatory Agave Plant Flourishes Around-the-clock

The Garfield Park Conservatory, located at 300 N. Central Park Ave., is home to 12 acres of indoor and outdoor gardens and over 2,000 varieties of plants, one of which has been growing insatiably for the last week. The Agave Americana plant, which normally grows 6 feet tall and up to 8 feet wide, is sending up a flower stalk that is nearly 2 feet tall. In over a period of three weeks, the stalk (or quito) has grown impressively. Over the weekend, the stalk grew 11 inches, and Conservatory staff set-up a camera only to record how it flourished an additional 7 inches in just 24 hours. Since then the agave plant has continued to reach upward. The plant came to Chicago and has been growing in the Conservatory's Desert

## La Planta de Agave del Conservatorio dae Garfield Park Florece Todo el Día

El Conservatorio de Garfield Park, localizado en el 300 N. Central Park Ave., es sede de 12 acres de espacio, interior y exterior y más de 2,000 variedades de plantas, una de las cuales ha estado creciendo insaciablemente la última semana. La planta americana Agave, que normalmente crece 6 pies de alto y hasta 8 pies de ancho, está desarrollando un tallo de flores que mide casi 2 pies de altura. En un período de tres semanas, el tallo (o quito) ha crecido impresionantemente. En la semana, el tallo creció 11 pulgadas en solo 24 horas. Desde entonces la planta de agave ha continuado creciendo hacia arriba. La planta vino a Chicago y

ha estado creciendo en la Casa del Desierto del Conservatorio por más de 50 años. En forma silvestre, estas plantas alcanzan la madurez en aproximadamente de 15 a 24 años. La succulenta planta de largas hojas produce una aguja de flor con panículas (ramas) coronadas de flores, que se extienden hacia afuera y contienen una savia que es fermentada para producir una bebida llamada pulque. Esta substancia es después destilada para hacer el licor del mezcal. El mezcal no es el único licor producido por esta planta, el tequila está hecho exclusivamente del agave azul, una de las muchas variedades de esta planta.

# Ariel Fox Comes Back for a Second Time to Win Hell's Kitchen

By: Nikoleta Morales

Edited by Lawndale Bilingual News

Ariel Contreras-Fox is the new winner of Hell's Kitchen - Season 18. She is a returning finalist from Season 6 where she ended up in third place. This season she came around and won in the battle rookies vs veterans and in the finale against her opponent - rookie Mia Castro. Fox ended up taking home the \$250,000 salary and a shot at a job in the restaurant that sits in front of Caesars Palace. She spoke to Lawndale News before Friday's finale to tell her thoughts on the show, winning and cooking.

**How do you feel? Everyone cheered for you to win?**

Things are exciting! It is a completely different experience this season than it was last season. It is nice to see people supporting me. Competing the first time I developed new sound philosophy in life. I started embracing what makes me uncomfortable. In doing this competition I look at the uncertainty as an opportunity and the challenges as motivating. I welcome chaos and confusion all around me. My motivation was looking at

things that scare me the most and create power.

**What set you apart from the rest of the competition this season?**

What set me apart is a lot of chefs in the show do what they know and stay in their comfort zone. I thrive of doing something that I have never done before. This is what stands out for Chef Ramsay. Every time I make something new he asks if I made it before. I challenge myself to make it and I did it in 45 min.

**Does Chef Gordon Ramsay have a soft side we don't get to see on the screen?**

Everyone gets to see Ramsay so harsh and screaming. In all of his shows he has this approach and that's how we know him. What I love most about him as a mentor is that he is approachable, has such a wealth of knowledge and I can talk to him about everything in life. He will always give you such a true and sincere answer.

**How has your career changed since you were last on the show?**

I decided to move to NY after I filmed the first time.

That was the turning point for my career and when I really upped my own game for myself. I took a job with a renowned chef. I am very proud of that project and my career went off. I haven't looked back since.

**What does it take to be a successful female chef in America?**

Being a female chef and a new mom is challenging. It definitely makes you stronger. Every day is filled with uncertainty and there is always a new challenge I wake up to. It's a lot to work in this big city and oversee the number of restaurants and I have a family but it's all part of the process. I am

very careful about setting goals for myself. I am very specific with what I want and do whatever it takes to get there.

**What is your favorite dish and why?**

I have two favorite cuisines - Mexican and Italian. The Mexican because I grew up in California. Italian is my second love and my favorite place to travel. The ingredients there are so much better. I am devoted to cooking steak and seafood.

**What would you like to say to your fans?**

I want to thank everyone who has been watching and supported me since season 6. My advice is really to not worry about these shows, stay true to yourself and if you love to cook and that's where your heart is you will find success because food is love.

Fox is an accomplished chef having spent time innovating in some of the most prestigious kitchens in the industry and helping launch several nationally renowned restaurants including STK, Harding's and ACME. Currently, she's the Concept Executive Chef at Dos Caminos.

## Gov. Pritzker Establishes New Justice, Equity and Opportunity Initiative Led by Lt. Gov. Stratton

Surrounded by criminal justice reform advocates at the Safer Foundation, Governor JB Pritzker took executive action establishing the Justice, Equity and Opportunity (JEO) Initiative that will be housed under and spearheaded by Lieutenant Governor Juliana Stratton. The JEO Initiative will centralize the state's criminal justice reform efforts by fostering coordination and collaboration among stakeholders, executive agencies and organizations from across the state. With the goal of creating a justice system that reflects Illinois' values, the initiative will conduct research, pilot programs and advocate for legislation to ensure all branches of government are working proactively to

expand fairness and equity. Addressing needed reforms at the Illinois Department of Corrections (IDOC) will be a top priority of the initiative. Currently around 43,000 people are imprisoned in the IDOC prison system, which was built for about 32,000. Violent crime has increased 18 percent between 2016 and 2017. Illinois spends

more than \$1.3 billion a year on IDOC, with budgets increasing even as the prison population decreases. And nearly 48 percent of people released from prison will recidivate within the following three years. Spearheaded by Lt. Gov. Stratton, the initiative will have three full-time staff within the Office of the Lieutenant Governor.

# Show Your **Heart** Some Love

By: Ashmar Mandou

February is the month of love, but it is also American Heart Month. Heart disease is the leading killer of Americans, taking the lives of 2,200 people each day. In addition, 103 million adults have high blood pressure and 6.5 million are living with heart failure. While genetic factors do play a part in cardiovascular disease, the good news is 80 percent of cardiovascular diseases may be preventable with education and action. Simple lifestyle changes can make a big impact when it comes to heart health. Show your heart some love with these tips.

## Stop smoking

Quitting smoking is the best thing that can be done for the heart and for overall health. Smoking is the most preventable cause of premature death in the United States, and smokers have a higher risk of developing many chronic disorders, including atherosclerosis, or the buildup of fatty substances in the arteries. When combined with other heart disease risk factors, smoking increases the risks associated with those factors.

## Build some muscle

Strength training complements cardiovascular exercise by toning muscles and burning fat. In addition, proper strength training can improve daily functional movements, decreasing the chance of injury. The American Heart Association recommends getting in two days of moderate to high-intensity strength training each week.

## Sleep more

Sleeping restores the body, helps decrease stress and increases overall happiness. To reap the full

benefits, clocking seven hours each night is key. A calming bedtime routine and going to bed and waking at the same time each day are all great ways to establish healthy sleep patterns. Getting ample sunshine and physical activity throughout the day also aid in improving sleep quality.

## Limit junk

To reap the full benefits

of a heart-healthy diet, it's important to limit intake of nutrient-poor junk foods. Added sugars, saturated fat and excessive sodium can all negatively impact heart health, as well as overall physical health. These foods, when eaten in excess, can cause weight gain, raise blood pressure and clog arteries, which are all risk factors for heart disease.

# CPS Students Took Part in Annual Science Fair at Brookfield Zoo

Last week, nearly 165 students from 16 Chicago Public Schools (CPS) had the opportunity to showcase their engineering and science-based projects as a part of the Chicago Zoological Society's annual science fair at Brookfield Zoo. In a series of conversations, students presented their projects to three judges from the Chicago Zoological Society staff, as well as executives from Chicago's top corporations, including BP America, the event's sponsor. Projects were judged on their connection to the inquiry learning process (science) or their ability to solve a real-world problem (engineering). Additionally, judges looked at how a project connects to the real-world in the big picture and a student's overall understanding of how science and engineering are achieved. Schools that participated in the science fair include, Burnham Math & Science Academy, Burroughs Elementary School, Michael M. Byrne Elementary School, Chicago High School for Agricultural

Science, Robert L. Grimes Elementary School, Nathan Hale Elementary School, Thomas A. Hendricks Community Academy, Jane A. Neil Elementary School, Jungman STEM Elementary School, Lane Tech College Prep High School, Marine Leadership Academy, Mount Vernon Elementary School, Richard Yates Elementary School, Von Steuben Metropolitan Science Center, Ida B. Wells Preparatory Elementary Academy, and William H. Ray Elementary School.

## Boneless Pork Chops with Mushrooms & Thyme

**Ingredients**  
2 servings  
2 5-ounce boneless, center-cut pork loin chops, trimmed and pounded to ¼ inch thick (see Tip)  
¼ teaspoon salt  
¼ teaspoon freshly ground pepper  
1 teaspoon extra-virgin olive oil  
1 medium shallot, minced  
1½ cups sliced mushrooms, (about 4 ounces)  
½ cup dry vermouth  
1 teaspoon Dijon mustard  
1 teaspoon chopped fresh thyme

**Preparation**

Active 25 m  
Ready In 25 m  
1.Sprinkle pork chops with salt and pepper. Coat a large nonstick skillet with cooking spray and place over medium heat. Add the pork chops and cook until browned on both sides and cooked through, 2 to 3 minutes

per side. Transfer to 2 serving plates; tent with foil to keep warm.  
2.Swirl oil into the pan, add shallot and cook, stirring, until soft, about 30 seconds. Add mushrooms and cook, stirring occasionally, until they soften and begin to brown, about 2 minutes. Add vermouth and cook for 15 seconds. Stir in mustard, thyme and any juices that have accumulated from the

pork; cook until the sauce is thickened and slightly reduced, 1 to 2 minutes more. Spoon the sauce over the pork chops and serve immediately.  
Tip: To pound the chops flat, place them between two sheets of plastic wrap on a stable surface. Pound steadily with the smooth side of a meat mallet or the bottom of a heavy saucepan until ¼ inch thick.

## Raspberry-Swirl Cupcakes

**Ingredients**  
12 servings  
**Cupcakes**  
2 cups raspberries, fresh or frozen (thawed and drained), plus 12 fresh berries for garnish (about 12 ounces total)  
1 tablespoon plus ¾ cup granulated sugar, divided  
¾ cup whole-wheat pastry flour (see Note)  
¾ cup cake flour  
1½ teaspoons baking powder  
½ teaspoon baking soda  
½ teaspoon salt  
¼ cup canola oil  
2 large eggs  
1 teaspoon vanilla extract  
1 teaspoon freshly grated lemon zest  
½ cup nonfat buttermilk (see Tip)  
**Frosting**  
8 ounces reduced-fat cream cheese (Neufchâtel), at room temperature  
1 cup packed confectioners' sugar  
½ teaspoon freshly grated lemon zest

**Preparation**

Active 40 m  
Ready In 3 h  
1.To prepare cupcakes: Preheat oven to 350°F. Line 12 ( ½-cup) muffin cups with paper liners; coat the liners with cooking spray.  
2.Puree 2 cups raspberries and 1 tablespoon granulated sugar in a blender or food processor until smooth. Strain through a fine-mesh sieve into a small bowl, pressing with a rubber spatula to extract all the puree; discard seeds. Reserve 4 teaspoons of the puree for the frosting.  
3.Whisk whole-wheat flour, cake flour, baking

powder, baking soda and salt in a medium bowl.  
4.Beat ¾ cup granulated sugar and oil in a large mixing bowl with an electric mixer on medium speed until combined. Beat in eggs, vanilla and 1 teaspoon lemon zest until well combined. With the mixer on low, alternately mix in the dry ingredients and buttermilk, starting and ending with dry ingredients and scraping the sides of the bowl as needed, until just combined. 5.Fill the prepared cups half full of batter. Place a scant tablespoon of raspberry puree on each cup (you may have some left over). Divide the remaining batter

evenly among the cups. Use a wooden skewer or toothpick to swirl and fold the puree into the batter.  
6.Bake the cupcakes until a toothpick inserted into the center comes out clean, 22 to 24 minutes. Transfer to a wire rack and let cool completely.  
7.To prepare frosting: Meanwhile, beat cream cheese, confectioners' sugar, ½ teaspoon lemon zest and the reserved 4 teaspoons raspberry puree with an electric mixer until smooth. Refrigerate the frosting until very cold, at least 2 hours. Spread the frosting on the cooled cupcakes and decorate with a raspberry on top, if desired.
