Starting Your Child's Day the Healthy Way

By: Ashmar Mandou

As the old adage goes, breakfast is the most important meal of the day and a power breakfast headed to Laurel Hill Elementary in the Hanover Park neighborhood on Wednesday where kids breakfast liked executives with freshly-squeezed juices and smoothies. Local business owner and "juice-ologist" Greg Hernandez of Dulce Vida Juice Bar was on hand to celebrate the healthy week with smoothies incorporating the healing properties of charcoal, matcha, and turmeric giving students a happy and healthy start to their day.

"We have many customers who start their day in a healthy way with a smoothie or juice drink," reports Hernandez. "We want to bring some of those healthy-eating ideas to children in our community by showing the kids that our drinks are healthy and delicious." According to Hernandez, the goal is to raise awareness about healthy eating habits among families with school children. Hernandez envisions a new generation that can appreciate the freshness of fruits and vegetables in season. "We incorporate seasonal fruits and vegetables to stay on the cusp of the latest nutritional novelties and freshest ingredients," he says. The hope is that these habits will last a lifetime.

"Research has shown that eating breakfast

can improve a child's cognitive performance in a classroom, particularly a child's memory and attention span," says Nancy Rodriguez, Certified Food for Life Instructor, Certified Diabetes Nurse Clinician, and Certified Plant-Based Nutrition, eCornell University. "Eating breakfast provides children with the energy to stay alert throughout the day, thereby improving scholastic aptitude."

Every Kid Healthy Week will showcase the work that schools are implementing to improve the health and wellness of their students. The week will be devoted to promoting nutrition, physical activity, and learning, which in turn will help students be more prepared for academic achievement. "Our mission is to empower students to achieve academic success and social independence

for lifelong learning," says Maria Lopez, principal of

Laurel Hill Elementary. "Promoting healthy

and learning — because healthy kids are better

Como Comenzar el Día de su Hijo de Forma Saludable

Por Ashmar Mandou

Como dice el viejo adagio, el desayuno es la comida más importante del día y un buen desayuno se sirvió en Laurel Hill Elementary, en el barrio de Hanover Park, el miércoles, donde los niños desayunaron como ejecutivos, con jugos y batidos recién hechos. El comerciante local y “jugo-olista” Greg Hernández, de Dulce Vida Juice Bar, estuvo presente para celebrar la semana saludable con batidos que incorporaron las propiedades curativas del carbón, matcha y cúrcuma, dando a los estudiantes un feliz y saludable inicio de día.

“Tenemos muchos clientes que empiezan su día de forma saludable con un batido o un jugo”, reporta Hernández. “Queremos llevar algunas de esas ideas de comida saludable a los niños de nuestra comunidad, mostrándoles que nuestras bebidas son saludables y deliciosas”. De acuerdo a Hernández, la meta es

concientizar sobre los hábitos de alimentación saludable entre familias con niños en edad escolar. Hernández imagina una nueva generación que pueda apreciar la frescura de las frutas y los vegetales de la temporada. “Incorporamos frutas y vegetales de la temporada para estar en la cúspide de las últimas novedades nutricionales”, dice. La esperanza es que estos hábitos duren toda una vida.

“Las investigaciones han mostrado que tomar un desayuno puede mejorar el desempeño cognitivo

del niño en un salón de clase, particularmente la memoria y la atención”, dice Nancy Rodríguez, Instructora de Certified Food for Life, Enfermera Clínica Certificada de Diabetes y Certificada en Nutrición a base de Plantas e Cornell University. “Comer saludable proporciona a los niños la energía para mantenerse alertas todo el día, y por lo tanto mejora su aptitud escolar”.

Sandoval: Varied perspectives will help address infrastructure needs

The Subcommittees on Capital for the Senate Transportation and Appropriations II Committees held their fifth hearing at Gail Borden Public Library in Elgin Monday, hearing from interested groups about capital infrastructure needs in the area. Representatives from local government, transportation experts, educators, labor organizations and other interested parties testified before the subcommittees about existing capital and needs that should be addressed in a potential bill to release funding for infrastructure improvements around the state. "These hearings are allowing us to learn more about the challenges communities are facing around the state and hear creative perspectives about how to pay for construction projects," said State Senator Martin A. Sandoval (D-Chicago),

Chair of the Transportation Committee. Illinois has not passed a capital bill in a decade. In 2018, the American Society of Civil Engineers gave Illinois a C- grade, saying the state's transportation infrastructure shows signs of deterioration and faces increasing vulnerability. The subcommittees will

hold three more hearings on the following dates:

- Monday, April 29 in Chicago – Bilandic Building, 160 N. LaSalle St., Chicago
- Friday, May 3 in Hainesville – Hainesville Village Hall, 100 Hainesville Rd., Hainesville
- Thursday, May 9 in Springfield – Capitol Building

Sandoval: Una Perspectiva Variada Ayudará a Atender las Necesidades de Infraestructura

Los Subcomités sobre Capital para Comisiones Senatoriales de Transporte y Apropiaciones II sostuvieron su quinta audiencia en la Biblioteca Pública Gail Borden en Elgin, el lunes, escuchando de grupos interesados sobre las necesidades de infraestructura de capital en el área. Representantes del gobierno local, expertos en transporte, educadores, organizaciones de trabajo y otras partes interesadas testificaron ante los subcomités sobre el capital existente y las necesidades que deben atenderse en un proyecto potencial para liberar fondos para mejoramientos de infraestructura alrededor del estado. "Estas audiencias nos están permitiendo aprender más sobre los retos que enfrentan las comunidades en el estado y escuchar perspectivas creativas

sobre como pagar proyectos de construcción", dijo el Senador Estatal Martin A. Sandoval (D-Chicago), Presidente del Comité de Transporte. Illinois no ha aprobado un proyecto de capital en una década. En el 2018, La Sociedad Americana de Ingenieros Civiles dio a Illinois un grado C, diciendo que la infraestructura de transporte del estado muestra señales de deterioro y enfrenta una creciente vulnerabilidad. Los subcomités tendrán tres audiencias más en las siguientes fechas:

- Lunes, 29 de abril en Chicago – Bilandic Building, 160 N. laSalle St., Chicago
- Viernes, 3 de mayo en Hainesville – Hainesville Village Hall, 100 Hainesville Rd., Hainesville
- Jueves, 9 de mayo en Springfield – Capitol Building

la salud y el bienestar de sus estudiantes. La semana estará dedicada a promover la nutrición, la actividad física y el aprendizaje, lo que a su vez ayudará a los estudiantes a estar más preparados para sus logros académicos. "Nuestra misión es empoderar a los estudiantes a lograr el éxito académico y la independencia social para un aprendizaje de por vida", dice María López, directora de Laurel Hill Elementary. "Promover los hábitos alimenticios saludables cuando se es joven contribuye a el éxito

Celebrada la última semana de abril, cada año, esta semana especial hace brillar una luz sobre los grandes esfuerzos que las escuelas hacen para mejorar la salud y el bienestar de sus estudiantes y el vínculo entre la nutrición, la actividad física y el aprendizaje — porque los niños saludables están mejor preparados para

aprender.

Más de 7,000 escuelas han presentado eventos desde el 2013 y más de tres millones de estudiantes, personal, familia y miembros de la comunidad han participado en la prueba de nuevos y nutritivos alimentos; han recibido consejos de salud en las ferias escolares de salud; han competido en paseos, en carreras y más. Congresista García sobre el Ambiente

El Congresista Jesús “Chuy” García (IL-04) se unió a la Congresista Jan Schakowsky (IL-09), al Congresista Sean Casten (IL-06, a Nicole Cantello, Presidente de AFGE Local 704, a los Representantes de Sierra Club Illinois y a otras organizaciones ambientales, en una manifestación el Día de la Tierra, para denunciar los cortes al presupuesto del Presidente Trump a la Agencia de Protección Ambiental (EPA). “En mi distrito, el asma, exacerbada por las emisiones de diesel de los camiones y autobuses, es un grave problema de salud. Sin embargo, el Presidente Trump quiere cortar el 90 por ciento de fondos

para el programa del subsidio del Acta de Reducción de Emisiones Diesel, que provee el dinero para reacondicionar o reemplazar vehículos con motor diesel por modelos más limpios. Madres preocupadas han venido a la oficina de mi distrito compartiendo sus historias sobre como el cambio de clima impacta su diario vivir. La mayor frecuencia de eventos climáticos extremos en el Medio Oeste afecta negativamente la salud de sus hijos, lo que aumenta la preocupación por la calidad del aire que respiran y el agua que beben”. –**Congresista García**

La Rep. Lilly Respalda el Esfuerzo Fiscal Justo para Reducir los Impuestos para la Clase Media

La Rep. Estatal Camille Y Lilly, D-Chicago, lucha por reducir los impuestos para el 97 por ciento de contribuyentes y hacer que los ricos paguen su parte justa con la enmienda de impuestos justos, que ayudará también a patrocinar servicios indispensables y la educación pública. “La clase media de Illinois paga impuestos injustos y desproporcionados como resultado de la provisión de impuestos fijos en la constitución del estado”, dijo Lilly. “Adoptar un impuesto justo no solo ayudaría a las familias a ahorrar dinero, sino que ayudaría a estabilizar las finanzas del estado e invertir en programas y servicios que salvan vidas”. –**Rep.Lilly**

Trabajando de cerca con la comunidad y con el concejal Burnett, hemos podido garantizar que este barrio es una economía vibrante de uso mixto del Siglo 21, mientras que aprovecha también este crecimiento para apoyar el desarrollo económico de la ciudad entera.

POLITICAL SIDEBAR

Compiled by
Ashmar Mandou

Political Sidebar is a weekly round-up of commentary from elected officials around the Chicagoland area discussing topical issues affecting their communities.

Congressman García on the Environment

Congressman Jesús "Chuy" García (IL-04) joined Congresswoman Jan Schakowsky (IL-09), Congressman Sean Casten (IL-06), Nicole Cantello, President of AFGE Local 704, Representatives from Sierra Club Illinois and other environmental organizations at an Earth

Day rally to denounce President Trump's budget cuts to the Environmental Protection Agency (EPA). "In my district, asthma exacerbated by diesel emissions from trucks and buses is a major health problem. Yet President Trump wants to cut 90 percent of the funding for the Diesel Emissions Reduction Act grant program, which provides money to retrofit or

replace diesel-powered vehicles with cleaner models. Concerned mothers have come to my district office sharing their stories about how climate change is impacting their daily lives. The increased frequency of extreme weather events in the Midwest adversely affects their children's health raising concerns about the quality of the air they breathe and the water they drink." -Congressman García

Rep. Lilly Backs Fair Tax Effort to Cut Taxes for Middle Class

State Rep. Camille Y. Lilly, D-Chicago, is fighting to cut taxes for 97 percent of taxpayers and make the wealthy pay their fair share with the fair tax amendment, which will also help fund critical services and public education. "Illinois' middle class is unfairly and disproportionately taxed as a result of the flat tax provision in the state's constitution," Lilly said. "Adopting a fair tax not only

helps families save money, but this would also help stabilize state finances and invest in critical life-saving

services and programs." -Rep. Lilly

Mayor Emanuel, Alderman Burnett Break Ground on Newest Fulton Market Development

Mayor Rahm Emanuel joined Alderman Burnett (27th Ward), development partners Shapack and Focus and capital partner Walton Street Capital to break ground on the latest project in Fulton Market

District, building on years of investment in an area that is now powering the City's growing tech and innovation ecosystem. "In recent years, the Fulton Market District has been reborn and is now home to some of the world's largest technology, consumer brand and professional service businesses. By working closely with the community and Alderman Burnett, we have been able to ensure this neighborhood is a vibrant, mixed-use economy of the 21st Century, while also harnessing this growth to support economic development throughout the City." -Mayor Emanuel

Better throughput and decompression of the Emergency Department will also enable improved management and efficiency in terms of staff assignments and utilization across high volume units receiving patients from emergency and other sources. The new adult unit will be staffed by existing physicians and nurses providing coverage for 16 dedicated beds. The pediatric unit is simultaneously being developed for 24/7 coverage, and will include child-friendly rooms to accommodate pediatric patients and their families. The entire unit will also expansively utilize the latest digital health technology, such as mobile tablets with access to patient medical records and physician notes, to share data and increase diagnostic availability and efficiency. Sinai is currently recruiting pediatric-trained nurses to staff the new unit when the pediatric component opens in July.

El Hospital Mount Sinai Abre Nueva Unidad Híbrida para Adultos/Pediátrica

El 22 de abril, Sinai Health System abrió una nueva unidad de observación híbrida de corta estancia en el Hospital Mount Sinai, para atender pacientes adultos y pediátricos, como la primera parte de un proyecto de dos fases. La unidad híbrida brindará atención a pacientes que solo necesitan una corta estancia en el hospital, para observación o un seguimiento, después de una visita al departamento de emergencia o que sea transferido de otro proveedor. La unidad está designada a cuidar a pacientes de corto término que necesitan permanecer 72 horas o menos. Un mejor rendimiento y descompresión del Departamento de Emergencias permitirá también una mejor atención y eficiencia en cuanto a asignación del personal y utilización en unidades de alto volumen que reciben

a pacientes de emergencia y otras fuentes. La nueva unidad de adultos tendrá como personal doctores y enfermeras existentes cubriendo 16 camas. La unidad pediátrica está siendo desarrollada simultáneamente para una cobertura 24/7 e incluirá cuartos infantiles para acomodar pacientes pediátricos y sus familias.

La unidad entera utilizará ampliamente lo último en tecnología digital de salud, como tabletas móviles con acceso a récords médicos del paciente y notas de los doctores, para compartir datos e incrementar la disponibilidad del diagnóstico y la eficiencia. El Sinai está reclutando actualmente enfermeras entrenadas en pediatría, para equipar la nueva unidad cuando, en julio, abra sus puertas el componente pediátrico.

U.S. Census: Historic population Loss Hits Every Illinois Metro Area

For the first time on record, every metropolitan area based in Illinois shrank last year, according to new U.S. Census Bureau data released. From July 2017 to July 2018, the Chicago metro area experienced the largest raw population decline in the nation, shrinking by 22,068 people. Danville, Peoria and Decatur saw the worst population decline among Illinois metros on a percentage basis – and among the worst nationwide. Analysis by the nonpartisan Illinois Policy Institute found the population decline was caused almost entirely by migration of Illinoisans to other states in

search of better economic opportunities. This is the first local population data released covering the time period after Illinois' historic 2017 income tax hike. Across the nation, the metro areas growing both the most and the fastest are typically in states with competitive tax environments and healthy jobs growth. **Takeaways from the analysis include:**

- The Chicago area experienced the largest population decline of any metro area in the nation last

year, shrinking by 22,068 people. Chicago population has been declining since 2014.

- Outside of Chicago, Peoria and Springfield suffered the most population loss in Illinois in raw terms. Peoria shrank by 3,437 people, while Springfield shrank by 1,539 people.

- Chicago, New York City and Los Angeles all shrank in 2018. The fastest-growing big cities included Dallas, Phoenix, Orlando, Las Vegas, Austin, Jacksonville and Raleigh.
