

Aldermen Introduce Ordinance for an All-Elected Civilian Police Accountability Council

On Wednesday, sixteen freshly elected aldermen introduced a new ordinance for a Civilian Police Accountability Council into the City Council. Over 60,000 people have signed postcards addressed to their alderman demanding passage of the CPAC ordinance. Aldermanic candidates endorsing CPAC garnered over 176,000 votes. Mayor Lori Lightfoot has announced she will drag out a thoroughly discredited proposal for civilian “oversight.” By supporting the GAPA ordinance, she is ignoring the democratic demands of the people for community control of the police. At more than a dozen public hearings last year attended by more than a few thousand people the overwhelming cry was for an all-

elected civilian police accountability council (CPAC) to replace the existing corrupt Police Board, Civilian Office of Police Accountability and the CPD Internal Affairs Division.

The movement for CPAC has been the longest and most massive movement for community control of the police in the history of Chicago. Public support for CPAC has been overwhelming. CPAC has an average greater than 1000 supporters in 25 Wards and hundreds of supporters in all 50 Wards. The people are tired of meaningless “oversight”. The people want control over the cops in their communities. The people want #CPACNOW.

City Leaders Urge Illinois General Assembly to Pass Reproductive Health Act of 2019

Líderes de la Ciudad Exhortan a la Asamblea General de Illinois a Aprobar el Acta de Salud Reproductiva del 2019

City Leaders Urge Illinois General Assembly to Pass Reproductive Health Act of 2019

By: Ashmar Mandou

Mayor Lori E. Lightfoot, City Clerk Valencia, City Treasurer Conyears-Ervin, and aldermen from across Chicago today called on members of the Illinois General Assembly to pass the Illinois Reproductive Health Act of 2019 (RHA). "While states across the country continue to attack the reproductive rights of women, it's critical that Illinois stands with those empowering women to make their own choices," said Mayor Lightfoot. "Every woman in this state has a fundamental right to access to safe, legal abortion in our state. I commend the Illinois House for its actions recognizing the timeliness of this measure."

At Wednesday's City Council meeting, Mayor Lightfoot and Alderman Michelle Smith introduced a resolution demonstrating the city's overwhelming support for SB 25, which recognizes the importance of a woman's fundamental right to make her own reproductive health decisions, including the right to choose or refuse birth control, the right to carry a pregnancy to term and give birth, and the right to choose or refuse abortion.

The Illinois Reproductive Health Act of 2019 would protect the full scope of reproductive care including birth control, abortion, in vitro fertilization and diagnostic testing for people in Illinois. While

surrounding states have adopted strict restrictions on abortion, the new resolution would affirm the

commitment of Chicago to protect a woman's right to make her own reproductive health choices.

"All across the country, a woman's right to make choices about her own reproductive healthcare is

being challenged, which is why the Reproductive Health Act is one of the most important pieces of

legislation being considered in Illinois today," said Clerk Valencia. "I applaud the Illinois House for taking a stand, and encourage our leaders in the Senate to stand with women in Chicago and across Illinois by voting to pass the RHA." All women should have access to comprehensive health care, including prenatal, maternity abortion care, regardless of whether they have private or government-funded health insurance, which is why, the Mayor, City Clerk, City Treasurer and Members of the City Council of the City of Chicago are calling on the Illinois House of Representatives and the Illinois Senate to pass the Illinois Reproductive Health Act (RHA) in order to protect the rights of women of the state of Illinois.

Líderes de la Ciudad Exhortan a la Asamblea General de Illinois a Aprobar el Acta de Salud Reproductiva del 2019

Por: Ashmar Mandou

La Alcaldesa Lori E. Lightfoot, la Secretaria Valencia, el Tesorero de la Ciudad Conyears-Ervin y concejales de todo Chicago pidieron hoy a todos los miembros de la Asamblea General de Illinois que apruebe el Acta de Salud Reproductiva de Illinois del 2019 (RHA). "Mientras los estados del país continúan atacando los derechos reproductivos de la mujer, es crucial que Illinois se mantenga con quienes empoderan a la mujer a tomar sus propias decisiones", dijo la alcaldesa

Lightfoot. "Cada mujer de este estado tiene el derecho fundamental de tener acceso a un aborto legal y seguro en nuestro estado. Pido a la Cámara de Illinois que sus acciones reconozcan la importancia de esta medida".

En la junta del Concilio de la Ciudad el miércoles, la Alcaldesa Lightfoot y la Concejala Michelle Smith presentaron una resolución demostrando el abrumador apoyo de la ciudad al SB 25, que reconoce la importancia del derecho fundamental de la mujer de hacer sus propias decisiones de salud

reproductiva, incluyendo el derecho de escoger o rehusar el control de la natalidad, el derecho a llevar un embarazo a término y dar a luz y el derecho a escoger o rechazar el aborto.

El Acta de Salud Reproductiva de Illinois del 2019 protegería el espectro completo de cuidado reproductivo, incluyendo el control de la natalidad, el aborto, a fertilización in vitro y pruebas de diagnóstico para la gente de Illinois. Aunque los estados circunvecinos han adoptado restricciones estrictas sobre el aborto, la nueva resolución afirmaría el compromiso

de Chicago de proteger el derecho de la mujer a hacer sus propias decisiones en salud reproductiva.

"En todo el país, se están retando los derechos de la mujer a decidir sobre su propio cuidado reproductivo, por eso el Acta de Salud Reproductiva es una de las piezas más importantes de la legislación a considerarse en Illinois hoy", dijo la Secretaria Valencia. "Aplaudo a la Cámara de Illinois por tomar una posición y exhortar a nuestros líderes en el Senado a estar con las mujeres de Chicago y de todo Illinois y a que voten por la aprobación

de RHA"

Todas las mujeres deben tener acceso a un cuidado integral de salud, incluyendo pre-natal, maternidad, cuidado de aborto, sin importar si tienen un seguro de salud gubernamental o privado, por eso la alcaldesa, el Secretario de la Ciudad, el Tesorero de la Ciudad y los Miembros del Concilio de la ciudad de Chicago piden a la Cámara de Representantes de Illinois y al Senado de Illinois que aprueben el Acta de Salud Reproductiva de Illinois (RHA) para proteger los derechos de la mujer del estado de Illinois.

City Council Approves Changes to Council Rules

By: Ashmar Mandou

The Chicago City Council on Wednesday approved changes proposed by Mayor Lori E. Lightfoot to revise City Council's Rules of Order and Procedure and created new City Council committees. "As a candidate, I pledged to bring an end to aldermanic prerogative and usher in a new era of transparency and accountability at every level of city government, and as Mayor, I am working with City Council to do just that," said Mayor Lightfoot. "While there is still work to be done to increase transparency and enact additional ethics reforms, I am proud that we have immediately taken steps to create a stronger and more accountable government." The City Council approved a revised Rules of Order and Procedure proposed by Mayor Lightfoot to build on her efforts to change the way City Council does business. Specifically, the rule changes:

- Broadcast proceedings of all City Council and City Council Committee meetings be livestreamed and that meeting recordings also be available online.
- Ensure that Aldermen with conflicts of interest not only recuse themselves

from voting, but also recuse themselves from participating in or presiding over debate of the item in question.

- Require that materials provided to a Committee Chair during a Committee meeting be made public on the Office of the City Clerk's website.

Additionally, Mayor Lightfoot's rule changes created two new committees. The Committee on Ethics & Government Oversight will head new initiatives that will make good governance and transparency an exclusive priority in all aspects of city legislation and proceedings. The Committee will work closely with the City's Board of Ethics and Inspector General and has jurisdiction over matters like lobbyist registration, financial disclosures, conflicts of interest, sexual harassment,

campaign finance and regular public hearings on ethics issues.

The Committee on Contracting Oversight and Equity will focus on matters relating to the City's Department of Procurement Services and matters concerning Business Enterprises owned by People with Disabilities, Disadvantaged Business Enterprises, Minority Business Enterprises, Veteran Business Enterprises and Women Business Enterprises. The committee will lead the way in ensuring city contracting is reflective of the diversity of Chicago's business community and will hold regular hearings reviewing the City's efforts in diverse hiring and equity. The new rules and establishment of new committees will take effect immediately.

Natural Compound Found in Broccoli Reawakens the Function of Potent Tumor Suppressor

Your mother was right; broccoli is good for you. Long associated with decreased risk of cancer, broccoli and other cruciferous vegetables -- the family of plants that also includes cauliflower, cabbage, collard greens, Brussels sprouts and kale -- contain a molecule that inactivates a gene known to play a role in a variety of common human cancers. In a new paper published in *Science*, researchers, led by Pier Paolo Pandolfi, MD, PhD, Director of the Cancer Center and Cancer Research Institute at Beth Israel Deaconess Medical Center, demonstrate that targeting the gene, known as WWP1, with the ingredient found in broccoli suppressed tumor growth in cancer-prone lab animals. A well-known and potent tumor suppressive gene, PTEN is one of the most frequently mutated, deleted, down-

regulated or silenced tumor suppressor genes in human cancers. Certain inherited PTEN mutations can cause syndromes characterized by cancer susceptibility and developmental defects. But because complete loss of the gene triggers an irreversible and potent failsafe mechanism that halts proliferation of cancer

cells, both copies of the gene (humans have two copies of each gene; one from each parent) are rarely affected. Instead, tumor cells exhibit lower levels of PTEN, raising the question whether restoring PTEN activity to normal levels in the cancer setting can unleash the gene's tumor suppressive activity.

Anxiety Might Be Alleviated by Regulating Gut Bacteria

Review of studies suggests a potentially useful link between gut bacteria and mental disorders. People who experience anxiety symptoms might be helped by taking steps to regulate the microorganisms in their gut using probiotic and non-probiotic food and supplements, suggests a review of studies published today in the journal *General Psychiatry*.

Anxiety symptoms are common in people with mental diseases and a variety of physical disorders, especially in disorders that are related to stress. Previous studies have shown that as many as a third of people will be affected by anxiety symptoms during their lifetime. Recent research also suggests that mental disorders could be treated by regulating the intestinal microbiota, but there is no specific evidence to support this. Probiotics

are living organisms found naturally in some foods that are also known as “good” or “friendly” bacteria because they fight against harmful bacteria and prevent

them from settling in the gut. Overall, 11 of the 21 studies showed a positive effect on anxiety symptoms by regulating intestinal microbiota, meaning that

more than half (52 percent) of the studies showed this approach to be effective, although some studies that had used this approach did not find it worked.

La Ansiedad Podría Aliviarse Regulando las Bacterias Intestinales

La revisión de estudios sugiere un enlace potencialmente útil entre la bacteria intestinal y los desórdenes mentales. La gente que experimenta síntomas de ansiedad puede sentirse aliviada dando unos pasos para regular los microorganismos en su intestino, utilizando alimentos probióticos y no probióticos y suplementos, sugiere una revisión de estudios publicados hoy en el diario *General Psychiatry*. Los síntomas de ansiedad son comunes en personas con enfermedades mentales y una variedad de desórdenes físicos, especialmente en desórdenes relacionados con el estrés. Estudios anteriores han demostrado que tantos como una tercera parte de la gente se verá afectada por los síntomas de la ansiedad durante su vida. Recientes investigaciones sugieren también que los desórdenes mentales podrían tratarse regulando la microbiota intestinal, pero que no hay evidencia específica que lo compruebe. Los probióticos son organismos vivos que se encuentran naturalmente en algunos alimentos conocidos también como bacteria “buena” o “amiga” porque lucha contra la bacteria dañina y evita que se desarrolle en el intestino. En general, 11 de 21 estudios muestran un efecto positivo en los síntomas de ansiedad regulando la microbiota intestinal, lo que quiere decir que más de la mitad (52 por ciento) de los estudios muestra que esto es efectivo, aunque algunos estudios que han utilizado este enfoque no encontraron que funciona.

Tips for Helping Children Embrace Their Unique Selves

Some small children don't care what anyone thinks about them. If they want to sing at the top of their lungs, they sing at the top of their lungs. If they want to wear a silly hat, mix-matched socks or gloves on a hot day, they do it – with no regard for how others might judge their eccentricities. Somewhere along the line, though, most children long to fit in and begin to worry that their differences make them stand out – and not in a good way. So, they try to conform to what they perceive their peers or society expect from them. “Unfortunately, in the process they begin to hide what makes them unique instead of embracing it,” says Jennifer Lynch, an educator, child advocate and author of the children's book *Livi and Grace*. “They become embarrassed or sad about their differences, maybe feel that people think they are strange, and that other kids won't like them or won't play with them. And in truth, other children sometimes will bully a child who is seen as different.” Lynch says some of the ways parents or other adults can help children include:

Remind them that differences make people special. While it's natural for children to long to fit in with their peers, Lynch says, it's also important for them to understand that their individuality is what makes them unique. “Differences are interesting and life enriching,” she says. “Part of the message is that you should appreciate the diverse traits in everyone you know, and also appreciate what makes you special.”

Talk to them about the ways in which they shine. “Kids like talking about themselves,” Lynch says. “So get them involved in a conversation about what they are good at. Maybe that is sports. Maybe it is writing. Maybe they make good grades or they are a good big brother or friend. Whatever

their special talent is, explore it with them so they know that there is something they do well.”

Encourage them to help other kids feel good about themselves. Young people can feel empowered not only

by embracing their differences, but also by providing support and being a friend to others who are different.

Consejos para Ayudar a los Niños a Aceptar su Condición Única

A algunos niños pequeños no les importa lo que otros piensen de ellos. Si quieren cantar con toda la fuerza de sus pulmones, cantan con toda la fuerza de sus pulmones. Si quieren usar un sombrero raro, calcetines o guantes que no sean pares en un día caluroso, lo hacen – sin importar como otros puedan juzgar sus excentricidades. Algunos, sin embargo, la mayoría de los niños, no encajan y comienzan a preocuparse de que sus diferencias los hagan distinguirse – y no de buena manera. Entonces tratan de ajustarse a lo que perciben que sus compañeros o la sociedad esperan de ellos. “Desafortunadamente en el proceso comienzan a esconder lo que los hace únicos en vez de aceptarlo”, dice Jennifer Lynch, educadora, asesora infantil y autora del libro infantil *Livi and Grace*. “Se avergüenzan o se entristecen por sus diferencias, tal vez sienten que la gente piensa que son raros y que no les gustan a otros niños o no van a querer jugar con ellos. Y en verdad, otros niños algunas veces acosan a un niño que les parece diferente”. Lynch dice que algunas de las formas en que los padres u otros adultos pueden ayudar a los niños incluyen:

Recordarles que las diferencias hacen a la gente especial. Aunque es natural que los niños deseen llevarse bien con sus compañeros, Lynch dice que es importante que entiendan que su individualidad es lo que los hace únicos. “Las diferencias son interesantes y enriquecen

Summer is upon us once and parents are beginning to plan for their children's days. Dreams of days filled with zoo visits, beaches, and carnivals are in students' heads as they say goodbye to another academic year. However, a nonacademic summer can cause students at every grade level to lose two to three months in their skills. Summer is an ideal time for students of all ages to strengthen their learning skills while having plenty of time for summer activities. **Make Time for Learning** Set aside time for your student to read each day during the summer break -- 15 to 30 minutes per day is all it takes. During the summer, students have more time to read for enjoyment, which also offers a great opportunity to preserve and strengthen their reading skills. Your summer activities should include taking your children or teenagers to the public library to check out books of interest and/or any summer

Ways to Prevent Summer Learning Loss

reading groups they'd like to join.

Review and Build Grammar Skills

Review the past grade level's grammar concepts, and begin to work on the next school year's concepts. During the summer, students benefit from weekly reviews or pre-learning two to four lessons. Find workbooks geared to their grade or skill level, and encourage them to check their work using

the answer key provided. Even if they make mistakes on their answers (and who doesn't make mistakes?), finally filling in the correct answers will reinforce their grammar skills.

Encourage Creative Writing

Creative writing is a great way to improve your children's written language skills while giving them a fun and imaginative activity during the summer. Have

your student write a creative paragraph each week. As a parent, you can help by assisting him or her with choosing a "topic" (such as a family vacation, special outing or holiday memory) to write a paragraph about. Students can also benefit from using a thesaurus and changing several common words to more interesting words. This will make their writing more interesting while learning great new

words at the same time.

Develop Math Skills

Though it may not seem fun to them at the time, working on just three to four math problems per day during the summer can prevent students' mathematical skills from getting rusty. They can look at it as a daily challenge

that they must complete, or a daily "to-do" to proudly check off their calendar. Parents can purchase a math workbook for their child's academic level at most bookstores. Working on just a few problems daily (or more, if your child enjoys math) can help students of all ages close the gaps in their math skills, preserve what they learned during the previous school year, and prepare for the next.

la vida", dice. "Parte del mensaje es que deberían apreciar las diversas características de todo el que conocen y apreciar también lo que lo hace especial".

Hábleles sobre la forma en que pueden destacarse.

"A los niños les gusta hablar sobre sí mismos", dice Lynch. "Hágalos involucrarse en una conversación sobre lo que son buenos. Tal vez en los deportes. Tal vez en

la escritura. Tal vez tienen buenas calificaciones o son un buen hermano o un buen amigo. Cualquiera que sea su talento especial, explórelolo con ellos para que sepan que hay algo que hacen bien". Anímelos a ayudar a otros niños a sentirse bien sobre sí mismos. Los jóvenes pueden sentirse motivados no solo por aceptar sus diferencias, sino también brindando apoyo y siendo amigos de otros que son diferentes.

Laborer

The Metropolitan Water Reclamation District of Greater Chicago is preparing to hire a small number of laborers over the next four years. These jobs are in Cook County at plants that treat sewage. There are no jobs in downtown Chicago. People in these jobs may work in unpleasant surroundings and are exposed to unpleasant odors.

You must show your Social Security Card and photo identification (with your birth date) at the basic skills written test. Failure to show these documents may result in disqualification from the Laborer examination process. You must be at least 18 years old by July 14, 2019.

How we will hire Laborers:

- 1.As previously announced, the Illinois State Lottery Pick 4 (evening) game from Sunday, May 19, 2019 was used to get the numbers for the Laborer lottery list. (The Illinois State Lottery has no interest in the way the District hires people.)
- 2.The winning numbers are 0428. The Fireball number may not be used to substitute a number.
- 3.If the last four digits of your Social Security number are between 0428 and 0928, you will have until June 14, 2019 to file an application for Laborer.
- 4.Applications must be filed by the following method:
Submitted online through the District's Online Employment Center at www.districtjobs.org. Applications must be submitted by 11:59 p.m. Central Time on the closing date, June 14, 2019, in order to be considered.
- 5.All communication with applicants during the selection process will be by email. It is the applicants' responsibility to check their email for important notifications from the District during the selection process.
- 6.Applications from anyone whose numbers do not come between 0428 and 0928 will be disqualified. You must show your photo identification (with your birth date) and Social Security Card at the basic skills written test to confirm you have the winning numbers or are within the range of the winning numbers plus 500. Failure to show these documents may result in disqualification from the Laborer examination process.
- 7.Candidates must be able to read and understand simple instructions at approximately the sixth grade level and be at least 18 years old by July 14, 2019.
- 8.In the event that more than one applicant has the same last four digits of their social security number, ties will be broken by the date and time of application submission.
- 9.A short list of candidates, based on their rank in the lottery, will be asked to take a basic skills written test which is tentatively scheduled for Saturday, August 10, 2019. Candidates will receive more information about the basic skills written test if they are placed on the lottery list and are within the selected range.
- 10.A short list of candidates who pass the basic skills written test, based on their rank in the lottery, will be interviewed. Interviews are tentatively scheduled between the dates of September 3 and September 13, 2019.
- 11.Candidates who pass the interview will be eligible for hire as a Laborer. Appointments will be made from the rank ordered eligible list. The eligible list has a duration of four years.
- 12.If you are offered a job, you will take a physical exam, including a drug test, criminal history background investigation and an evaluation of your ability to meet the specific physical demands of the job.
- 13.If you are hired, you will have a one-year probation period (250 days worked).
- 14.If you are hired, you must have a valid Illinois driver's license within six months of the date of appointment.
- 15.If you are hired, you must live in the boundaries of the District within six months of completing probation. (The District covers about 90% of Cook County.)
