

Abril es el Mes de Prevención del Abuso Infantil

Abril es el Mes de Prevención del Abuso Infantil en Illinois, y para aumentar la concientización, el Departamento de Servicios para Niños y Familias de Illinois lanzó un nuevo anuncio de servicio público que destaca las cosas simples que todos pueden hacer para ayudar a mantener a los niños seguros durante la pandemia de COVID-19. "En DCFS somos los primeros en responder cuando se trata de ayudar a familias en crisis, pero no podemos hacer este trabajo solos; y en estos tiempos estresantes de distanciamiento social, convertir nuestras cocinas en aulas y la incertidumbre de saber cuándo la vida tal como la conocimos volverá a la

normalidad, necesitamos su ayuda ahora más que nunca", dijo el Director Interino del DCFS Marc D. Smith. Durante la pandemia de COVID-19, la línea directa funciona a plena capacidad y permanece preparada para atender llamadas las 24 horas del día. Actualmente, la mayoría de las llamadas se manejan en tiempo real sin requerir una devolución de llamada. Los especialistas en protección infantil del DCFS continúan respondiendo a las llamadas de la línea directa con contacto cara a cara dentro de las 24 horas para evaluar la seguridad de los niños. "No Podemos Volvernós Invisibles"

'We Cannot Become Invisible'

'We Cannot Become Invisible'

By: Ashmar Mandou

On the heels of emerging COVID-19 data collected by the Enigma Forensics from the Illinois Department of Public Health showcasing the disproportionate impact of the virus on the Latino community, a pool of city and medical officials held a virtual meeting over the weekend to identify solutions to stop the spread of COVID-19, resulting in the Illinois Latino COVID-19 Initiative, a call to action designed to educate Latinos. "There has been little information as to why COVID-19 has significantly impacted the Latino community," said Dr. Aida Giachello, a physician at Northwestern University. "We know there are a series of barriers Latinos face, among them are the lack of English proficiency, health insurance, as well as immigration status, which can prove to be a challenge when collecting data. We hope through this initiative we will be able to streamline the information Latinos need to access equitable healthcare."

Using data from the Illinois Department of Public Health's website, Enigma Forensics established a summary of the fastest growing zip codes in Illinois that have passed over 100 diagnosed Coronavirus positive cases. The analysis demonstrated that the zip codes collected from April 10th through 12th, were majority Latino. "This finding doesn't negate that the black community is being devastated by this pandemic in greater numbers at present in Chicago, but does suggest

transmission rates may be greater within the Hispanic community," stated Enigma Forensics via their website. Among the areas hit with high incidents of COVID-19 are Portage Park, Belmont Cragin, Brighton Park, Cicero, Back of the Yards, Hermosa, Logan Square, and Berwyn. "We praise and are thankful for the leadership the state and city have taken in order to combat this virus, however we need to take immediate action to ensure that our

community receives all the pertinent information they need to make the right choices," said Dr. Giachello. Dr. Giachello stated in the coming weeks, she alongside other initiative members, which includes Congressman Jesus "Chuy" Garcia, State Senator Celina Villanueva, State Representative Elizabeth Hernandez, and Alderman Byron Sigcho-Lopez, will work to develop and implement comprehensive bilingual outreach and education.

"This is the time Latinos need to speak up because we cannot afford to become invisible." A few of the Illinois Latino COVID-19 Initiative strategies include: **Development and Implementation of a comprehensive bilingual outreach and education** health communication to educate residents and businesses in target zip codes with the fastest growing and highest number of COVID-19 cases. This outreach effort

will consist of mobilizing networks of community-based organizations, community health promoters, faith-based organizations, churches, and the broad network of our elected officials participating in this initiative. We expect direct educational outreach to households (e.g. telephone calls, texts, etc.) with the messages designed to help prevent the spread of COVID-19.

Improvement of data collection on race and

ethnicity. An immediate and public release of the historical and current number of COVID-19 cases and fatalities, including the number of hospitalizations. Data is critical to assess the seriousness of the problem in the Latino community so we can take appropriate action and assure that sufficient resources are being allocated to prevent the spread of the virus. We need to make sure that Latinos with severe symptoms of COVID-19 have access to medical care, independently of insurance and immigration status. Data on hospitalization will allow us to assess that. It is also equally critical to know how many COVID-19 mortality-related fatalities have occurred among Latinos and among other vulnerable populations.

Representation of Latino leadership in the Illinois and Chicago Health Equity Task Forces to assure that these task forces are developing linguistic and culturally-relevant strategies targeting the Latino community to ensure maximum results in containing the virus in our community. Consistent Latino/a leadership representation in the Governor's and Mayor's Press Conferences will ensure our community is included in the solution development and signals the importance of staying informed and adopting necessary measures for containment.

*The Latino COVID-19 Initiative group will continue meeting and has established the website **IllinoisUnidos.com** to share our work with the public.*

April is Child Abuse Prevention Month

April is Child Abuse Prevention Month in Illinois, and to increase awareness the Illinois Department of Children and Family Services released a new public service announcement highlighting simple things everyone can do to help keep children safe during the COVID-19 pandemic. “At DCFS we are first responders when it comes to helping families in crisis, but we cannot do this job alone; and in these stressful times of social distancing, turning our kitchens into classrooms and the uncertainty of knowing when life as we knew it will return to

normal, we need your help now more than ever,” said DCFS Acting Director Marc D. Smith. During the COVID-19 pandemic, the hotline is working at full capacity and remains prepared to take calls 24 hours a day. Currently most calls are handled in real time without requiring a call-back. DCFS child protection specialists continue to respond to hotline calls with face-to-face contact within 24 hours to assess child safety. La tierra siempre gana plusvalía. Su valor siempre sube a pesar de cualquier circunstancia económica del país.

La agricultura es la mejor inversión en este momento. El rendimiento de su inversión supera con creces los intereses bancarios. Es una gran oportunidad para jóvenes o personas que estén pensando en retirarse con deseos de poner a trabajar su dinero con ganancias seguras.

El clima es perfecto para sembrar árboles de alto rendimiento económico como la teca y balsa y plantaciones comerciales de cacao, yuca, banano o bien pastizales para ganadería. Las opciones son innumerables. Su inversión puede ser en muchísimas plantaciones de alto valor y rendimiento.

Las plantaciones de árboles necesitan poca supervisión durante su crecimiento, por ello es que esta es una oportunidad inmejorable para residentes en el extranjero.

No es necesario el cuidado constante de las plantaciones.

Es una oportunidad de inversión inmejorable. Ud. puede recuperar su inversión en tan solo un par de años con una plantación de cacao o bien a lo más en 4 años si es una plantación de balsa.
