Recently, ComEd welcomed a new group of students to the construction workforce with the help of its successful program, entitled ComEd CONSTRUCT Infrastructure Academy. Even through a challenging year, ComEd managed to modify its nine-year program to meet the needs of students representing neighborhoods across Chicago. The ComEd CONSTRUCT program, is an 11-week job training program designed to increase the number of diverse and highly skilled candidates. This week, we highlighted a recent graduate of the program who shared his experience and why a program like CONSTRUCT is important.

ComEd Welcomes New Students to Construction Workforce

By: Ashmar Mandou

Last week, ComEd held its ninth consecutive graduation ceremony celebrating the 90 students who partook in the ComEd CONSTRUCT Infrastructure Academy, an 11-week job training program that increases the number of diverse, skilled candidates for construction and related jobs in Chicagoland and northern Illinois. “As we round out CONSTRUCT’s ninth consecutive year, we take great pride in the 11-week training program that we’ve put together to offer the needed information and guidance to diverse candidates to compete for good-paying, entry-level field and office jobs in construction-related sectors,” Laticia Holbert, Workforce Development Manager at ComEd. Since 2013, nearly 600 students have completed the program with 70 percent of them securing employment shortly after graduating – many of them women, African Americans, and Latinos who historically have faced barriers to entering these industries. “CONSTRUCT was not only designed to provide participants with the opportunity to strengthen their job readiness and life skill sets, but it was also created to prepare them for industry-required testing that is often a prerequisite for employment – testing that many of these candidates would not have access to without the program.” Lawndale Bilingual News interviewed one of ComEd’s CONSTRUCT program newest graduates, Jesse Hernandez who shared his experience and what potential students can expect.

Lawndale Bilingual News:

What circumstances were happening in your life that led you to ComEd’s CONSTRUCT program?

Jesse Hernandez: During the time I decided to apply to the program, I really had nothing going for myself. I had just gotten released from my job because of the winter season. I wasn’t working and I really had no way to help my family. I had job offers here and there, but they didn’t really meet the criteria I was looking for. Then I heard about the CONSTRUCT Infrastructure Academy from a close friend, so I decided to give it a try. A lot of thought came to applying for the program because I knew that it would truly get me closer to what I wanted to do.

Talk to me about your experience in ComEd’s CONSTRUCT program? How do you feel it has helped to transform your career?

My experience was great, to be honest! I never knew programs like this existed in my community. So, knowing that it was in my community meant a lot because I didn’t have to travel somewhere else

to get this opportunity. The program was always so helpful whenever we needed any kind of support. We eventually had the opportunity to safely meet in person while following COVID-19 safety protocols, which made a huge difference to a lot of us. It showed us

that they went out of their way to guide us through the process and offer a hand when needed.

The CONSTRUCT Infrastructure Academy helped me transform a lot in my career decisions, because I know that I don’t always have to settle for

con 70 por ciento de ellos consiguiendo un empleo poco después de graduarse – muchos de ellos mujeres, afroamericanos y latinos que históricamente han enfrentado muchas barreras para entrar en estas

industrias. “CONSTRUCT no solo fue diseñado para proveer participantes con la oportunidad de fortalecer su preparación de empleo y destreza en la vida, sino que fue creado también para prepararlos para pruebas

requeridas en la industria que muchas veces es un pre-requisito para empleo – probando que muchos de estos candidatos no habrían tenido acceso sin el programa”. Lawndale

La semana pasada, ComEd tuvo su novena ceremonia de graduación consecutiva, celebrando a 90 estudiantes que tomaron parte en la Academia de Infraestructura CONSTRUCT de ComEd, programa de entrenamiento de empleo, de 11 semanas, que aumenta el número

de candidatos diversos y diestros en construcción y trabajos relacionados en Chicago y el norte de Illinois. “Al completar el noveno año consecutivo de CONSTRUCT, nos enorgullecemos del programa de capacitación de 11 semanas que hemos elaborado para ofrecer la información y orientación necesarias a diversos

candidatos, para competir por un campo y una oficina de nivel de entrada y bien remunerados puestos de trabajo en sectores relacionados con la construcción”, dijo Laticia Holbert, Gerente de Desarrollo de Fuerza Laboral de ComEd. Desde el 2013, cerca de 600 estudiantes han completado el programa

Lightfoot, CDPH Announce Request for Proposal to Address Inequities

Mayor Lori E. Lightfoot and the Chicago Department of Public Health (CDPH) announced a Request for Proposals (RFP) to address the impacts of COVID-19 through community-led strategies to promote health and racial equity, starting with targeted vaccine outreach. CDPH has allocated \$9.6 million in COVID-19 relief funding from the Centers for Disease Control and Prevention (CDC) to establish Healthy Chicago Equity Zones – six geographic areas covering the entire city that will be led by regional and community organizations. In 2021, the Healthy Chicago Equity Zones will focus on increasing vaccine uptake in the neighborhoods that have been most impacted by COVID-19. As the city continues to recover from the pandemic, these

coalitions will lead hyper-local strategies to confront factors that contribute to health and racial disparities, including healthcare and social service access, food access, housing

conditions, community safety, and the physical and built neighborhood environment. With this RFP, Healthy Chicago Equity Zones will scale these successful vaccine

equity partnerships across all of Chicago's hardest hit communities. The Healthy Chicago Equity Zones RFP is open for applications through May 28, 2021, at noon.

Lightfoot y CDPH Anuncian Solicitud de Propuesta para Atender Desigualdades

La Alcaldesa Lori E. Lightfoot y el Departamento de Salud Pública de Chicago (CDPH) anunciaron una Solicitud de Propuesta (RFP) para atender los impactos del COVID-19 por medio de estrategias comunitarias para promover la salud y la equidad racial, comenzando con la difusión de vacunas dirigidas. CDPH ha asignado \$9.6 millones en fondos de ayuda para el COVID-19 de los Centros para el Control y la Prevención de Enfermedades (CDC) para establecer Zonas de Equidad Saludables de Chicago [Healthy Chicago Equity Zones]— seis áreas geográficas cubriendo la ciudad entera, que serán conducidas por organizaciones regionales y comunitarias. En el 2021, las Zonas de Equidad Saludables de Chicago estarán enfocadas en aumentar la absorción de la vacuna en los barrios que han sido más impactados por el COVID-19. Mientras la ciudad continúa recuperándose de la pandemia, estas coaliciones conducirán estrategias hiper-locales para confrontar factores que contribuyen a la salud y a las disparidades raciales, incluyendo cuidado de salud y acceso a servicios sociales, acceso a alimentos, condiciones de vivienda, seguridad comunitaria y el entorno físico y construido del vecindario. Con esto, RFP y Healthy Chicago Equity Zones escalarán estas exitosas asociaciones de equidad de vacunas en las comunidades más afectadas de Chicago. La RFP de Healthy Chicago Equity Zones está abierta para solicitudes hasta el 28 de mayo de 2021 al mediodía.

any job that comes my way. I can push myself to aim for bigger and better and for a career that I will be great in thanks to the help of ComEd and all of the partner agencies. Acquiring the skills that they have given us have truly set us up for success in our careers.

What aspect of the program do you feel was most beneficial to you?

For me, the most beneficial aspect of the CONSTRUCT Infrastructure Academy were the career fairs because ComEd always had great companies for us to connect with to help us decide for ourselves if we fit well within that company. There were always different companies available for us to network with and were all super helping in sharing their contact information so that we could reach out personally. ComEd and

all of the partner agencies encouraged us to reach out to every employer at the career fairs. So, I always took that extra step and reached out because I knew that it would get me a step closer to getting my foot in the door. Another major benefit was getting my CDL permit, which has opened so many additional doors!

Why, in your opinion, do you believe this type of program is helpful for those in the construction industry, especially during a pandemic?

These types of programs are extremely important during the pandemic because the construction industry works around the clock – even in such unprecedented times. It is quite eye-opening when you start seeing the need and availability of occupations in the construction and utility

fields; there is no shortage of jobs at all! They just keep increasing every month and year. Being a part of the construction industry, in my opinion, is among the best professions that one can get into. There are so many skills that you learn along the way and the opportunities to grow are endless!

What would you like potential students to know about ComEd's CONSTRUCT program?

Make sure to sharpen up on your math skills and always come in with an open mind and positive attitude. Don't sell yourself short, push for greatness and don't stop pushing! This program will truly change your life and help you get a career that fits your level of skills. And don't forget to network. Take every chance to connect with anyone that is willing to share their knowledge.

Bilingual News entrevistó a uno de los recién graduados del programa CONSTRUCT de ComEd, Jesse Hernández, quien compartió su experiencia y que potencial pueden esperar los estudiantes.

Lawndale Bilingual News: ¿Qué circunstancias ocurrieron en tu vida que te llevaron al programa CONSTRUCT de ComEd?

Jesse Hernández: Cuando decidí hacer una solicitud para el programa, realmente no tenía nada. Me había salido de mi empleo por la temporada de invierno. No estaba trabajando y realmente no tenía forma de ayudar a mi familia. Tenía ofertas de empleo aquí y allá, pero realmente no era lo que yo estaba buscando. Entonces un amigo me habló de la Academia de Infraestructura CONSTRUCT y decidí

probarla. Pensé mucho para solicitar el programa porque sabía que realmente me acercaría más a lo que quería hacer.

¿Cuál ha sido tu experiencia en el programa CONSTRUCT de ComEd? ¿Cómo sientes que ha ayudado a transformar tu carrera?

Mi experiencia fue magnífica, para ser honesto! No sabía que programas como este existían en mi comunidad. Así que el saber que estaba en mi comunidad significaba mucho porque no tenía que viajar a otro lado para aprovechar esta oportunidad. El programa era tan útil siempre que necesitábamos cualquier tipo de apoyo. Nosotros eventualmente tuvimos la oportunidad de conocernos en persona sin peligro, siguiendo los protocolos de seguridad del COVID-19, lo que hizo una enorme

diferencia en muchos de nosotros. Nos mostró que hicieron todo lo posible para guiarnos a través del proceso y ofrecer una mano amiga siempre que lo necesitamos.

La Academia de Infraestructura CONSTRUCT me ayudó a cambiar mucho mis decisiones de carrera, porque sé que no siempre tengo que conformarme con cualquier trabajo que se me presente. Puedo esforzarme para aspirar a ser más grande y mejor y a una carrera en la que seré excelente gracias a la ayuda de ComEd y todas las agencias asociadas. Youth Crossroads Outdoor Youth Sanctuary Space Receives BDC philanthropic grant

A Berwyn Development Corporation (BDC) philanthropic grant was awarded to Youth Crossroads, Inc. (YC) for their Outdoor Youth Sanctuary space. This space provides a new attractive, private, functional environment to serve youth and families more effectively during the COVID-19 pandemic and into the future. The space will be a respite for youth, and a safe

place where they can meet with counselors, mentors, with peers to socialize, have fun and feel "at home" while at YC. The sanctuary is complete with a youth-led mural installation in partnership with the Berwyn Public Art Initiative that was designed and spearheaded by artist Sergio Farfán. In addition to the mural, the patio space will feature the YC logo on a new wooden fence/gate facing the high-

traffic Stanley Avenue and a bike rack to encourage youth to be active and access the facility and services. A ribbon cutting to celebrate the unveiling of the YC Outdoor Youth Sanctuary was held on April 15, 2021. A BDC philanthropic grant check was presented during the ceremony. Tuesday, December 8 (6:00 p.m. - 7:30 p.m.) and
Wednesday, December 9 (1:30 p.m. - 3:00 p.m.)**

The CTA is hosting virtual community meetings to share updates on the Red Line Extension (RLE) project and to introduce the RLE Transit-Supportive Development (TSD) Plan. The TSD Plan will incorporate the community's vision for future development along the RLE corridor. It will also identify methods and resources needed to enable mixed-use development and enhance economic vitality, multimodal connectivity and the pedestrian environment. For more information about the TSD Plan, please visit www.transitchicago.com/RLE/TSD.

A vital part of this plan will be a community engagement and ownership process that incorporates and appreciates the vision of residents and stakeholders from the surrounding neighborhoods throughout the development of the plan.

Join us to learn more about the RLE project and the TSD Plan. Community members are invited to ask questions and provide their feedback to CTA, while also learning about ongoing opportunities to stay involved. Due to COVID-19 restrictions, this community meeting will be conducted virtually on Zoom.

Subvención Filantrópica de BDC a Youth Crossroads Outdoor Youth Sanctuary Space

Un subsidio filantrópico de Berwyn Development Corporation (BDC) le fue otorgado a Youth Crossroads, Inc. (YC) para su Espacio al Aire Libre del Santuario de la Juventud. Este espacio provee un nuevo ambiente atractivo, privado y funcional para atender a jóvenes y familias con más efectividad durante la pandemia del COVID-19 y en el futuro. El espacio será un respiro para los jóvenes, un lugar seguro donde pueden reunirse con consejeros, tutores, compañeros a socializar, divertirse y sentirse “en

casa” mientras están en YC. El santuario es completo, con una instalación mural dirigida por jóvenes en asociación con la Iniciativa de Arte Público de Berwyn, diseñado y encabezado por el artista Sergio Farfán. Además del mural, el patio tendrá un logo de YC en una nueva cerca/entrada de madera dando frente al fuerte tráfico de la Ave. Stanley y una pista de bicicletas para animar a los jóvenes a estar activos y tener acceso a la instalación y a los servicios. El corte de la cinta para celebrar la inauguración del Santuario de la Juventud al Aire Libre

tuvo lugar el 15 de abril del 2021. Un cheque de subsidio filantrópico de BDC fue entregado durante la ceremonia. Para más información sobre Youth Crossroads, Inc., llame al (708)484-7400 o visite youthcrossroads.org.

McDonald's Partners with GSF Foundation to Donate Shoes

Carmen Solano De Carrier, McDonald's Owner-Operator, and Raymond Lopez 15th Ward Alderman (center) with members of the staff of Back of the Yards Neighborhood Council during the recent shoe donation to local school-age children.

McDonald's Owner/Operator, Carmen Solano De Carrier, and the Golden State Foods Foundation (GSF) partnered to provide more than 600 pairs of shoes to at-risk children through the GSF Foundation's Best Foot Forward program. The donations were made through four different community organizations, including: Casa Central, Erie Elementary Charter School, Erie Neighborhood House, and Back of the Yards Neighborhood

Council. The Best Foot Forward program addresses an issue that's often ignored – that some kids don't participate in sports activities or even skip school because they don't have appropriate shoes. Since 2017, Carmen and the GSF Foundation have partnered for the Best Foot Forward program and have donated nearly 3,500 pairs of shoes to children in need. “This was an honor to once again be able to work with the GSF Foundation Best

Foot Forward program to donate more than 600 pairs of shoes to children in our community”, said Carmen. “Businesses working with community groups like Casa Central, Erie Elementary Charter School, Erie Neighborhood House, and Back of the Yards Neighborhood Council can have a positive impact on children's lives in many ways.” For more information, visit www.gsffoundation.org.

Tips for Better Mental Health

Covid-19 has continued to impact lives, and a recent study reveals that it's affecting more than just physical health. One in three survivors of the virus experience mental health conditions, the majority being anxiety and mood disorders. Woke Hero—the social therapy wellness platform—believes that with anxiety and depression on the rise, inspiring people to take action toward protecting their mental health is an urgent priority. Woke Hero Founder and clinical psychologist Avantika Dixit offers natural interventions that are proven to help ease mental stress.

Good Nutrition Keeps Mind and Body in Balance Cutting sugar and refined carbs, adding healthy vegetables and whole foods, and fasting for 12-18 hours a day can

help keep mind and body in good shape. The risk for cognitive damage and dementia increases during the high insulin states caused by too much sugar and simple carbs. We already fast when sleeping; adding 4 more hours before or after the 8-hour sleep cycle creates a fasting window of 12 to 18 hours, allowing the body to do a metabolic reset.

Exercise Maintains Mental and Physical Health

30 minutes of daily aerobic exercise creates optimal cognitive, neurological and neurochemical states in the body and releases the BDNF (brain-derived neurotrophic factor) responsible for brain regeneration and protection. Strength or resistance training 2-3 times a week triggers brain cells to regenerate while stimulating muscle growth.

Good Sleep Can Melt the Stress Away

A good night's sleep is vital for health and keeping the brain's neurochemical balance at an optimum level. Recent studies show that Americans are not sleeping enough. Creating a sleep ritual every night (turning off technology, reading a book, taking a warm bath, or snuggling with a pet before bed), can be a prelude to a perfect night's sleep.

Consejos Para una Mejor Salud Mental

El COVID-19 ha continuado impactando vidas y un reciente estudio revela que está afectando más que la salud física. Uno de cada tres sobrevivientes del virus experimenta problemas de salud mental, la mayoría siendo ansiedad y trastornos de estado de ánimo. Woke Hero – la plataforma de bienestar de terapia social – cree que el aumento de la ansiedad y la depresión hace que el proteger su salud mental sea una prioridad. Woke Hero Founder y la psicóloga clínica

Avantika Dixit ofrecen intervenciones naturales que han probado ayudar a aliviar el estrés mental.

Una Buena Nutrición Mantiene en Balance la Mente y el Cuerpo

Disminuir el azúcar y los carbohidratos refinados, agregar vegetales saludables y alimentos enteros y no comer por 12 a 18 horas al día puede mantener la mente y el cuerpo en buena condición. El riesgo de un daño

Villanueva Passes Legislation to Create Domestic Violence Commission

To protect women and children in Illinois, State Senator Celina Villanueva (D-Chicago) passed legislation the Illinois Senate that would establish the Domestic Violence Fatality Review Commission. “Incidents of domestic violence have increased dramatically since the start of the pandemic,” Villanueva said. “Families are counting on us to take proactive measures to prevent violence.” The commission would establish regional review teams by judicial court, conduct domestic violence fatality reviews and advise the Governor and General Assembly on domestic violence prevention policy. The commission would consist of four members of the General Assembly, one appointee by the Governor and various public members representing

survivors, support organizations and law enforcement. According to the Illinois Criminal Justice Information

realmente nos ha preparado para el éxito en nuestras carreras.

¿Qué aspecto del programa sientes que fue más beneficioso para ti?

Para mí, es aspecto más beneficioso de la Academia de Infraestructura CONSTRUCT fue el de las ferias de carreras, porque ComEd siempre tuvo grandes compañías para conectarse con ellas y ayudarnos a decidir por nosotros mismos si encajábamos en esa compañía. Siempre hubo diferentes compañías disponibles para comunicarnos con ellas y nos ayudaron mucho en compartir su información de contactos para poder llegar a ellas personalmente. ComEd y todas las agencias asociadas nos animaron a llegar a todos los empleadores en las ferias de carreras. Así que yo siempre di ese paso extra porque sabía que me llevaba un paso más cerca a poner mis pies en la puerta. Otro importante beneficio fue obtener mi permiso CDL que me ha abierto muchas puertas adicionales!

Porqué, en tu opinión, ¿Crees que este tipo de programa es útil para quienes están en la industria de la construcción, especialmente durante una pandemia?

Este tipo de programas es extremadamente importante durante la pandemia porque la industria de la construcción trabaja todo el día – inclusive en tiempos sin precedentes, Es bastante revelador cuando comienzas a ver la necesidad y disponibilidad de ocupaciones en los campos de la construcción y los servicios públicos; no existe escasez de trabajos! siguen aumentando cada mes y cada año. Ser parte de la industria de la construcción, en mi opinión, es estar entre las mejores profesiones que uno puede tener. Hay tantas destrezas que aprender y las oportunidades son infinitas!

¿Qué te gustaría que los estudiantes potenciales supieran sobre el programa CONSTRUCT de ComEd?

Que se aseguren de mejorar sus destrezas matemáticas y tengan siempre una mente abierta y una actitud positiva. Que no se vendan por poco, que luchen por lo mejor y no dejen de luchar! Este programa verdaderamente cambiará su vida y les ayudará a tener una carrera que se ajuste a su nivel de destrezas. Y no olviden hacer networking. Aprovechen toda oportunidad que tengan para conectarse con cualquiera que esté dispuesto a compartir su conocimiento.

City of Berwyn, Erie Neighborhood House Open Satellite Office

On Wednesday, Erie Neighborhood House and the City of Berwyn announced a partnership by sponsoring a new location to service Berwyn residents and surrounding neighborhoods. At this location, Erie House will provide bilingual support, guidance, and connection to vital resources, especially for residents who do not have access to internet

connectivity in Berwyn. "We're so excited to be partnering with the City of Berwyn to open our first suburban location," said Kirstin Chernawsky, Executive Director of Erie Neighborhood House. "For Erie House's entire 150-year-plus history, we've evolved to meet our community where they are and work with them however they need us to, and expanding

into Berwyn is the next step in that evolution. "There is a growing need to support families and children in need of housing, health and mental health resources, exacerbated by the pandemic. By collaborating with organizations like Erie House, we can continue to develop and bolster outreach with residents from the 1st Ward to the 8th Ward, and promote cross-community

engagement "stated Mayor Robert J. Lovero. To learn more about Erie House's satellite office in Berwyn, you can watch the PSA City of Berwyn Official YouTube Channel or visit www.berwyn-il.gov/ErieHouse

cognitivo y la demencia aumenta con los estados de insulina alta causada por demasiada azúcar y carbohidratos simples. Nos mantenemos sin comer mientras dormimos; agregar 4 horas más antes o después de ocho horas del ciclo de sueño crea una ventana de 12 a 18 horas, permitiendo que el cuerpo realice un reinicio metabólico.

El Ejercicio Mantiene Saludable la Mente y el Cuerpo

30 minutos de ejercicios aeróbicos diarios crea estados cognitivos, neurológicos y neuroquímicos óptimos en el cuerpo y libera el BDNF (factor neurotrópico derivado del cerebro) responsable de la regeneración y protección del cerebro. El entrenamiento de fuerza o resistencia 2-3 veces a la semana hace que las células cerebrales se regeneren mientras se estimula el crecimiento muscular.

Un Buen Sueño Puede Desvanecer el Estrés

Una buena noche de sueño es vital para la salud y para mantener el balance neuroquímico del cerebro a un nivel óptimo. Estudios recientes muestran que los estadounidenses no duermen lo suficiente. Crear un ritual del sueño todas las noches (apagar la tecnología, leer un libro, tomar un baño tibio o acurrucarse con una mascota antes de ir a la cama), puede ser un prelude de una noche de sueño perfecta.
