September is Healthy Aging Month

With Healthy Aging Month starting tomorrow, the Alzheimer's Foundation of America (AFA) is offering steps to promote healthy aging and good brain health during September and throughout the year. AFA offers the following steps for healthy aging:

•**Eat Well**-Adopt a low-fat diet high on fruits and veggies, like strawberries, blueberries, and broccoli. Take daily vitamins. Limit intake of red meats, fried and processed foods, salt, and sugar. In general, foods that are "heart healthy" are also "brain healthy."

•**Stay Active**-Physical activity increases blood flow to the brain and can also help improve mood and overall wellbeing. Brisk walking benefits brain health, while

aerobics can boost your heart rate, and weight training builds strength and flexibility.

•**Learn New Things**-Challenge your brain by starting a new hobby like playing tennis, learning to speak a foreign language, trying a cooking class, or something you have not done before. Even something as simple as brushing your teeth with your non-dominant hand stimulates the brain by forcing it to think outside of its normal routine.

•**Get Enough Sleep**-Getting a consistent sleep every night is key; at least seven to nine hours is ideal. Having a good sleep environment is also helpful. Insomnia or sleep apnea can have serious physical effects and negatively affect memory and thinking.

•**Get a Memory Screening**-Our brains need regular checkups, just as other parts of our bodies do. Memory screenings are quick, noninvasive exams for our brains. AFA offers free virtual memory screenings every weekday—visit www.alzfdn.org or call AFA at 866-232-8484 to learn more about getting a free virtual memory screening. You can also talk to your doctor about getting a screening as part of your annual wellness exam.

Individuals who would like to learn more about healthy aging, brain health, or memory screenings can contact the Alzheimer's Foundation of America's Helpline by phone (866-232-8484), web chat (www.alzfdn.org), or text message (646-586-5283) seven days a week, or visit www.alzfdn.org.

City of Chicago, CDPH Rolling Out Covid-19 Vaccine Updates

The City of Chicago and Chicago Department of Public Health (CDPH) announced that Chicago is rolling out two updated COVID-19 vaccines designed specifically to target the Omicron

subvariants, in light of final approval from the Centers for Disease Control and Prevention (CDC) and Emergency Use Authorization (EUA) from the Food and Drug Administration (FDA).

The vaccines will be available this week to Chicago residents 12 years and older who have already completed a primary vaccine series. The City of Chicago has already been allocated approximately

150,000 doses of the updated vaccines, with more following in the coming weeks. For those who need help finding a nearby site, Vaccines.gov is a free online service that you can use to search for pharmacies and providers that offer vaccination. Residents can also call the City's COVID-19 call center at 312-746-4835. The new vaccines from Pfizer-BioNTech and Moderna are being called "bivalent boosters," meaning they are a mix of two versions

of the vaccine. Nearly all (99.8%) of COVID-19 new cases in the U.S. are BA.4 or BA.5. Additional answers to frequently asked questions about the

new vaccine will continue to be updated at Chicago.gov/Boost. COVID-19 vaccines — including the updated, bivalent boosters — are free, and

no government-issued ID or insurance is required. Learn more at Chicago.gov/COVIDvax

Argonne Puts Climate Impact in Cities Under the Microscope with New Collaborative Study

The U.S. Department of Energy (DOE) has awarded DOE's Argonne National Laboratory and a team of academic and community leaders \$25 million over five years to advance urban climate science by studying climate change effects at local and regional scales. The results of this new research will inform communities to build resilience to future effects of climate change. Argonne and partners will establish an Urban Integrated Field Laboratory called Community Research on Climate and Urban Science (CROCUS) focusing on the Chicago region. CROCUS will use community input to identify questions and specific areas of urban climate change to study,

ensuring that research results directly benefit local residents. CROCUS researchers will also work with organizations and students to collect on-the-ground data and develop climate models. Researchers will measure Chicago's temperature, precipitation, and soil conditions. They will explore how trees, open spaces, buildings, expressways and Lake Michigan are shaping the city's climate, as well as how the Chicago area influences climate regionally. And because no two communities are alike, the study will create more detailed climate models than ever before to reveal the effects of climate change on

individual neighborhoods. This study focuses on climate change at the neighborhood level, so the research team includes community-based organizations on Chicago's South and West Sides. This unique collaboration

will empower community members to share their needs and concerns, ensuring that researchers deliver information critical to neighborhoods as they transition to clean energy and green infrastructure. Community partners

include, Puerto Rican metropolitan area). For Agenda (Humboldt Park) and Metropolitan more information, visit anl.gov/crocus. Mayors Caucus (Chicago

Oktoberfest Anual de Chicago en la Iglesia St. Alphonsus en Lakeview

Ponte tus mejores galas para el Oktoberfest Chicago, el viernes, 23 de septiembre al domingo, 25 de septiembre en y alrededor de la iglesia de St. Alphonsus en West Lakeview. Una de las celebraciones de otoño más

populares de Chicago y de todo lo Bávaro, Octoberfest Chicago regresa en su vigésimo año de fiesta estacional. Además del festival al aire libre con auténtica cocina bávara y entretenimiento en vivo, este año marca el regreso

de las noches de Prueba de Cerveza Artesanal celebradas el 23 y 24 de septiembre dentro de la iglesia. En la esquina de las Avs. Wellington, Lincoln y Southport, la iglesia St. Alphonsus ha sido el centro de la vibrante comunidad

alemana de Chicago por 140 años, desde su fundación en 1882. La música en vivo en dos escenarios presenta una combinación de las mejores bandas de festivales de Chicago junto con música de polka animada, de bandas como

The Bratwurst Brothers, Sgt. Sauerkraut Polka Band y Polkaholics. El domingo, los asistentes se reunirán para ver el gran juego en una pantalla gigante en el estacionamiento de la iglesia. A continuación un programa completo.

Apoyando las noticias locales que nuestras comunidades necesitan

Sahan Journal, una organización sin fines de lucro de Minnesota que informa sobre las comunidades de inmigrantes y de color, incrementó sus ingresos publicitarios en más de un 800% anual luego de terminar nuestra capacitación sobre patrocinios.

Jambalaya News Louisiana utilizó fondos provistos por Google para crear un servicio de mensajes de texto en español que envía alertas de noticias y permite a los lectores responder en tiempo real.

en la audiencia

San José Spotlight, una nueva empresa (startup) digital que informa sobre negocios y política, aumentó su audiencia en un 84% (a más de 1.6 millones) en nuestro Laboratorio de Startups.

Las noticias locales son la fuente de conocimiento local. Son una crónica de los lugares donde vivimos y de las personas y la política que los definen. Sabemos que las noticias locales son esenciales para nuestras comunidades y que, a nivel nacional, el trabajo de recopilar y monetizar las noticias es cada vez más difícil.

Por eso nos hemos asociado con más de 2,000 publicaciones locales de todo Estados Unidos, proporcionando fondos, capacitación, productos y recursos para apoyar un futuro más sólido y sostenible para las noticias.
