

Cicero to Host Farmer's Market and Artisan Fair in June, Vendor Applications Available

Town President Larry Dominick announced this week that the Town of Cicero will host an Arts and Crafts "Cicero Artisan Market" on two weekends in June. The "Cicero Artisan

Market" will be held on the weekends of June 16 and 17 and June 23 and 24, at the Cicero Community Park at 34th and Laramie Avenue. The "Cicero Artisan Market" is the creation of Senior Center

Director Diana Dominick, who explained that many seniors had asked about replicating the art fairs that many other communities' host. "There is a lot of enthusiasm from Seniors and many other members

of the community to have this event," said Mrs. Dominick. Cicero accepting applications through June 5 for arts and craft fair vendors. The fair will be held during two weekends on June 16 and

17, and June 23 and 24, 2023. For more information, visit www.thetownofCicero.com to get more information or to download the Vendor Application Form.

ComEd EV Rally Returns this Summer

By: Ashmar Mandou

The return of ComEd's highly anticipated STEM-related program is here, ComEd EV Rally and they are encouraging young girls across Chicago to apply. The summer long program pairs young girls with ComEd mentors to help build and race high-tech, electric-powered go-carts. ComEd believes the next generation of the STEM workforce must be a more diverse one, and has expanded this year's pool of program participants by 50 percent, giving 45 students the chance to work with female mentors from ComEd to explore career pathways in STEM. The program will end with memorable experience as participants race their vehicles at the Museum of Science and Industry in Chicago on Saturday, July 29. Every participant will also receive a \$2,000 scholarship upon completion of the program. Senior Manager Transmission Control at ComEd Yasmin El-Tigani spoke with Lawndale Bilingual News about the importance of encouraging young girls to enter the STEM field and what to

expect during the ComEd EV Rally program.
Lawndale Bilingual News: From your standpoint as a mentor, what would you say is the most significant aspect of the ComEd EV Rally program?
Yasmin El-Tigani: The most significant aspect of the program is its ability to attract young women who may be considering a path in STEM, however don't know where to start or what avenues a career in STEM can create for them.
What should students expect from the

summer program? How should they prepare?
The students should expect to be paired up in groups made up of 5 girls, and to be guided by 2-3 female mentors who will walk them through the build curriculum of the car while also challenging them with fun STEM related hands-on activities. There will be 4 build nights followed by race day, so you only need to be ready to have fun!
Several reports from the Pew Research Center and Census Bureau show that there is an

increase of women in high profile STEM-related occupations. Can you tell me why you feel it's important to have female representation in STEM fields?
It is very important to have female representation in STEM fields in order to break down the barriers, biases, and create more diversity in thought and leadership in general. Females in STEM fields are very inclusive, creative, and are always willing to pass the torch to incoming generations.
What message would you like to share with these young students interested in applying for the ComEd EV Rally summer program?
You will not regret being a part of the ComEd EV Rally! I guarantee you will create new friendships and find a lot in common with other girls who are currently in your shoes. Come ready to have a blast and complete an inspiring challenge that you will always remember and be proud of!
Applications are open until Thursday, June 1, to any female Illinois resident between the ages of 13 and 18. Applications and more information are available at ComEdEVRally.com.

ComEd EV Rally Regresa este Verano

Por Ashmar Mandou

El regreso del altamente anticipado programa relacionado con STEM de ComEd ya llegó. ComEd EV Rally y ellos exhortan a las jóvenes de Chicago a que lo soliciten. El programa de verano empareja a niñas con mentores de ComEd para ayudar a construir y competir con karts eléctricos de alta tecnología. ComEd cree que la próxima generación de fuerza laboral STEM debe ser más diversa y ha ampliado el grupo de participantes del programa de este año un 50 por ciento, dando a 45 estudiantes la oportunidad de trabajar con tutoras femeninas de ComEd para explorar las carreras en STEM. El programa terminará con una memorable experiencia cuando las participantes

hagan correr sus vehículos en el Museo de Ciencias e Industrias de Chicago, el sábado, 29 de julio. Cada participante recibirá también una beca de \$2,000 al terminar el programa. La gerente sénior de control de transmisión en ComEd, Yasmin El-Tigani, habló con Lawndale Bilingual News sobre la importancia de alentar a las jóvenes a ingresar al campo STEM y qué esperar durante el programa EV Rally de ComEd.

Lawndale Bilingual News: Desde su punto de vista como mentora, ¿Cuál dirías que es el aspecto más significativo del programa EV Rally de ComEd?

Yasmin El-Tigani: El aspecto más importante del programa es su habilidad de atraer a mujeres jóvenes que pueden estar considerando una carrera

en STEM, sin embargo no saben donde empezar o que futuro puede crear una carrera STEM para ellas.

¿Qué deberían las estudiantes esperar del programa de verano? ¿Cómo deberían prepararse?

Las estudiantes deberían prepararse a emparejarse en grupos compuestos de 5 jovencitas y ser guiadas por 2-3 mentoras que los llevarán a establecer el currículo del auto para desarrollar el plan de estudios del automóvil y al mismo tiempo desafiarlos con divertidas actividades prácticas relacionadas con STEM. Habrá 4 noches de construcción seguidas del día de la carrera, ¡así que solo necesitas estar listo para divertirte!

Varios reportes de Pew Research Center y el Buró del Censo muestran que hay un aumento de

mujeres en ocupaciones de alto perfil relacionadas con STEM. ¿Puedes decirme por qué crees que es importante tener representación femenina en los campos STEM?

Es muy importante tener representación femenina en los campos STEM para romper las barreras, los prejuicios y para crear más diversidad en pensamiento y liderazgo en general. Las mujeres en los campos STEM son muy inclusivas, creativas y siempre están deseosas de pasar la antorcha a las generaciones siguientes.

¿Qué mensaje quisieras compartir con estas jóvenes interesadas en hacer su solicitud para el programa de verano EV Rally de ComEd?

No te arrepentirás de ser parte del EV Rally de ComEd! Te garantizo que harás nuevas amistades

y encontrarás mucho en común con otras jóvenes que están actualmente en tus zapatos. ¡Prepárate para divertirte y completar un desafío inspirador que siempre recordarás y del que estarás orgulloso! Las solicitudes están

abiertas hasta el jueves, 1° de junio a cualquier jovencita residente de Illinois entre las edades de 13 y 18 años. Las solicitudes y más información está disponible en ComEdEVRally.com

ComEd Invests \$963 Million with Diversity-Certified Suppliers in 2022

As part of its longstanding effort to advance equity in the communities it serves, ComEd spent \$963 million, or 43 percent of its total supply chain spend, with businesses owned by women, people of color and veterans in 2022. This brings its spend with diversity-certified suppliers since 2012 to \$7.4 billion. Maintaining its commitment to local investment, ComEd spent \$651 million of its total diverse spend last year with Illinois-based suppliers. In its 2022 report submitted to the ICC, ComEd detailed its partnership with 650 diversity-certified suppliers, including 159 new partnerships. Diverse suppliers support departments and workstreams across ComEd, including construction, engineering, and materials, among others. Diversity-certified

suppliers also play key roles in ComEd programs to help customers reduce their energy use and costs, which are expanding as a result of increased funding from the Climate and Equitable Jobs Act of 2021. Illinois utility companies' spend with diversity-certified suppliers

contributed \$11.8 billion to the Illinois GDP from 2017-2020, with \$4 billion in purchases from Illinois-based diverse businesses, according to the Illinois Utilities Business Diversity Council (IUBDC), which was formed in 2015 to help utilities establish and share

best practices for diverse supplier participation and development. Members include Ameren Illinois, Aqua, ComEd, Illinois American Water, Nicor Gas, North Shore Gas, and Peoples Gas.

ComEd Invierte \$963 Millones con Proveedores Certificados en Diversidad en el 2022

Como parte de su esfuerzo de larga data para promover la equidad en las comunidades a las que sirve, ComEd gastó \$963 millones, o el 43 por ciento de su gasto total en la cadena de suministro, con empresas propiedad de mujeres, personas de color y veteranos en el 2022. Esto lleva sus gastos con proveedores de diversidad certificada desde el 2012 a \$7.4 mil millones. Manteniendo su cometido de inversión local, ComEd gastó \$651 millones de sus gastos diversos totales el año pasado, con proveedores de Illinois. En su reporte del 2022 enviado a ICC, ComEd detalló su afiliación con 650 proveedores certificados en diversidad, incluyendo 159 nuevas afiliaciones. Diversos proveedores respaldan departamentos y flujos de trabajo en ComEd, incluidos construcción, ingeniería y materiales, entre otros. Los proveedores certificados en diversidad juegan un papel principal en los programas de ComEd para ayudar a los clientes a reducir su uso y costo de energía, que se está ampliando como resultado de un aumento de fondos del Acta de Clima y Empleos Equitativos del 2021. Los gastos de las compañías utilitarias de Illinois con proveedores certificados en diversidad contribuyeron con \$11.8 mil millones a Illinois GDP del 2017 al 2020, con \$4 mil millones en compras de negocios diversos con base en Illinois, de acuerdo a Illinois Utilities Business Diversity Council (IUBDC), que se formó en el 2015 para ayudar a las utilitarias a establecer y compartir mejores prácticas para la participación y el desarrollo de proveedores diversos. Los miembros incluyen a Ameren Illinois, Aqua, ComEd, Illinois American Water, Nicor Gas, North Shore Gas y Peoples Gas.

April is National STD Awareness Month

For the third consecutive year, Loretto Hospital will offer free STI (sexually transmitted infection) screenings and HIV testing to residents of Chicago's Austin community during National STD Awareness Month. Observed each April, STD Awareness Month provides an opportunity to educate communities on the different types of STIs and the preventative methods that decrease exposure (talk), emphasize the importance of 'knowing your status' to reduce spread (test), and eliminate the stigma and fear associated with diagnosis (treat). According to the Chicago Department of Public Health (CDPH) and the Centers for Disease Control and Prevention

(CDC):

- 1 in 5 people in the United States has an STI,
- Some sexually transmitted infections have no symptoms,
- Nearly half of all new infections in the country occur among youth aged 15-25,
- Disparities in STDs persist among racial and ethnic minority groups.

Throughout the month of April and beyond, residents are encouraged to TEST for awareness; TALK to healthcare professionals about options; and partner with them to address outcomes through TREATment. Free STI screening and HIV testing services are available by appointment or walk-in. For more information or to

schedule a screening, contact the outpatient center at 833-TLH-LOVE or visit <https://www.lorettohospital.org>.

Abril es el Mes Nacional de Concientización de ETS

Por tercer año consecutivo, el Hospital Loretto ofrecerá pruebas de ETS (enfermedades transmitidas sexualmente) y pruebas del VIH a los residentes de la comunidad de Austin de Chicago durante el Mes Nacional de Concientización de ETS observado en abril, el Mes de Concientización de ETS ofrece la oportunidad de educar a las comunidades sobre los diferentes tipos de

estas enfermedades y los métodos preventivos que disminuyen la exposición, enfatizando la importancia de 'saber tu estado' para reducir la proliferación y eliminar el estigma y el temor asociado con el diagnóstico. De acuerdo al Departamento de Salud Pública de Chicago (CDPH) y los Centros para el Control y la Prevención de Enfermedades (CDC):

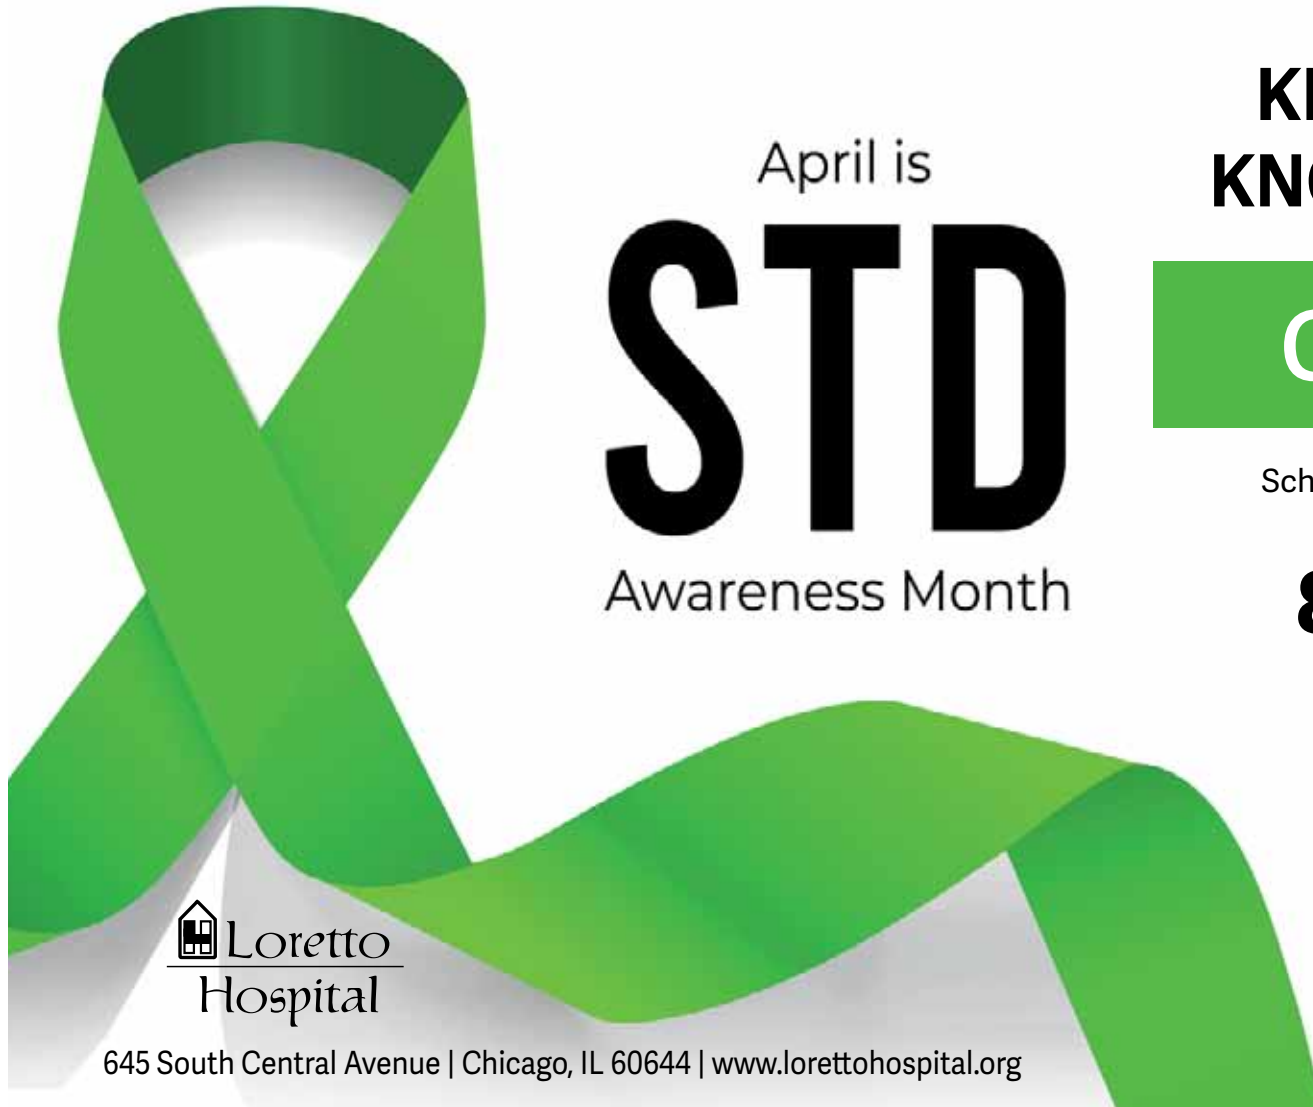

- 1 de cada 5 personas en Estados Unidos tiene una

ETS

- Algunas infecciones transmitidas sexualmente no tienen síntomas
- Cerca de la mitad de todas las nuevas infecciones en el país ocurren entre jóvenes de 15-25,
- Las disparidades en ETS persisten entre grupos minoritarios raciales y étnicos

Durante el mes de abril y después, se aconseja a los residentes que se

hagan la PRUEBA para concientización, HABLEN con profesionales de salud sobre sus opciones y se unan a ellos para atender los resultados a través del tratamiento. Pruebas gratis de ETS y servicios de prueba del VIH están disponibles con cita previa o sin cita. Para más información o para programar una prueba, comuníquese con el centro de pacientes externos al 833-TLH-LOVE o visite <https://www.lorettohospital.org>.

Chicago Public Schools Awarded \$14M Magnet School Assistance Grant

Two Chicago Public Schools (CPS) magnet schools have been awarded a five-year Magnet Schools Assistance Program (MSAP) grant to increase diversity and promote educational innovation. John J. Las Escuelas Públicas de Chicago Recibieron un Subsidio de Asistencia de \$14 millones para Escuelas Magnet

Dos escuelas mágnnet de las Escuelas Públicas de Chicago (CPS) recibieron un subsidio de cinco años para el Programa de Asistencia a Escuelas Mágnnet (MSAP) para aumentar la diversidad y promover la innovación educativa. John J. Pershing Elementary Humanities Magnet y María Saucedo Elementary Scholastic Academy se transformarán en escuela mágnnet STEAM, brindando acceso equitativo a STEM de alta calidad y educación en Artes. El subsidio MSAP está diseñado para eliminar barreras y aumentar el acceso a la educación de alta calidad para diversos estudiantes estableciendo la capacidad y apoyando programas instructivos innovadores en selectas escuelas mágnnet. Pershing y Saucedo utilizarán el subsidio MSAP para desarrollar espacios innovadores, incluyendo un laboratorio de medios digitales, un laboratorio STEM y marketspace para servir como incubadoras en la integración de conceptos STEM en todas las áreas de contenido

y niveles de grado. Ambas escuelas de CPS también se asociarán con la escuela secundaria y postsecundaria y museos y socios de la industria para brindarles a sus estudiantes experiencias de aprendizaje auténticas y del mundo real, tanto dentro como fuera del aula. Este es el segundo subsidio MSAP otorgado a escuelas de CPS en los últimos cinco años. En el 2017, CPS recibió cerca de \$15 millones para transformar tres escuelas del barrio en escuelas mágnnet STEM: William H. Brown Elementary School, Claremont Academy Elementary School y Joseph Jungman Elementary School. Las tres escuelas implementaron un innovador currículo STEM mientras aumentaban la inscripción y promovían la diversidad estudiantil, Jungman reduciendo el aislamiento de los estudiantes minoritarios en un 25 por ciento, Claremont en siete por ciento y Brown en uno por ciento. Cada escuela aumentó también la participación de los padres en los eventos escolares en un 110 por ciento.

Pershing and Saucedo will each use the MSAP grant to develop innovative spaces, including a digital media lab, STEM lab and makerspace to serve as incubators in the integration of STEM concepts into all content areas and grade levels. Both CPS schools will also partner with high school and post-secondary, museums and industry partners to afford their students authentic, real-world learning experiences both inside and outside the classroom. This is the second MSAP grant awarded to CPS schools in the past five years. In 2017, CPS received nearly \$15 million to transform three neighborhood schools into magnet STEM schools: William H. Brown Elementary School, Claremont Academy Elementary School, and Joseph Jungman Elementary School. All three schools implemented an innovative STEM curriculum while increasing enrollment and promoting student diversity, with Jungman reducing minority student isolation by 25 percent, Claremont by seven percent, and Brown by one percent. Each school also increased parent involvement at school events by 110 percent.

Triton College Student Juan Cervantes Served as President of Delegation at Model Illinois Government

Triton College student Juan Cervantes of Bensenville has always been interested in politics, so it meant a lot to him to serve as the president of delegation for Model Illinois Government (MIG), from March 2-5 in Springfield. "It was a great experience," he explained. According to George Lam, an Economics instructor who oversees Triton's MIG chapter, explained that MIG is "an intercollegiate Illinois government simulation." It provides Illinois students an in-depth look and experience at how the Illinois state government works.

Cervantes along with Triton students Jael Rodriguez (who served as a Senate Democrat) and Grzegorz Kazimierz Libera (who served as a House

Republican), participated in MIG. Besides serving as president of delegation, Cervantes oversaw a team of lobbyists throughout the simulation. There were over 225 other student delegates that participated in this year's simulation from multiple Illinois colleges. Lam noted that the delegates reviewed several legislative Illinois bills to prepare for the simulation. The debates ranged from gun control policies to educational funding to tax changes. "We had a phenomenal lobbyist team this year," Cervantes said. "I was really happy with how we performed and now our delegation performed. I learned so much."

Besides MIG, Cervantes is also involved in Model United Nations (Model UN), Phi Theta Kappa

(PTK) and the Accounting Club. As for his future, Cervantes is graduating with an Associate of Arts in Economics degree in May 2023. He plans on attending either Boston College, the University of Illinois Urbana-Champaign or Illinois State University. Cervantes aspires to enter the world of finance and business and is looking to train his focus on capital markets. He also sees himself pursuing a career in politics in the future. "I'm open to it," he said.

Además de servir como presidente de delegación, Cervantes vigiló un equipo de cabilderos durante la simulación. Hubo más de otros 225 estudiantes delegados que participaron en la simulación de este año en múltiples colegios de Illinois. Lam hizo notar que los delegados

revisaron varios proyectos legislativos de Illinois para estar preparados para la simulación. Los debates van desde regulaciones de control de armas a la financiación de la educación a los cambios fiscales. “Tuvimos un equipo de cabildeo fenomenal este año”, dijo Cervantes. “Estaba muy contento con la forma en que actuamos y ahora lo hizo nuestra delegación. Aprendí mucho”.

Además de MIG, Cervantes está también involucrado en Model United Nations (Model UN), Phi Theta Kappa

(PTK) y el Accounting Club. En cuanto a su futuro, Cervantes se gradúa con un diploma asociado de Artes en Economía en mayo del 2023. Planea asistir a Boston College o a la Universidad de Illinois Urbana-Champaign o Illinois State University. Cervantes aspira a entrar al mundo de las finanzas y los negocios y busca entrenar su enfoque en mercados de capital. También se ve a si mismo siguiendo una carrera en política en el futuro. “Estoy abierto a ello”, dijo.

Without question, housing is healthcare, especially to people living with or vulnerable to HIV. Individuals with HIV who are homeless or lack stable housing, on the other hand, are more likely to delay HIV care and less likely to access care consistently or to adhere to their HIV treatment. Additionally, homelessness disproportionately impacts Black communities more than other racial groups—much like HIV and other chronic conditions. AFC and its subsidiary organization, the Center for Housing and Health (CHH), are committed to using a Housing First approach, a philosophy that links people experiencing homelessness with safe, affordable housing quickly and with minimal barriers, so people can start their journey to a healthier life sooner. As we have done annually, AFC and CHH are proud to work alongside community partners Housing Action Illinois, Chicago Coalition for the Homeless and the Supportive Housing Providers Association

(SHPA) to advocate for the following investments to the housing funding infrastructure in the state's FY2024 budget:

HOMELESS YOUTH PROGRAM: This program supports drop-in centers, youth health initiatives, transitional housing, and case management providing lifelines for youth and a path toward a stable, successful future. To protect the most vulnerable in our communities, Illinois must invest an additional \$5 million in funding for this program (current funding: \$7.28 million).

EMERGENCY AND TRANSITIONAL HOUSING PROGRAM: This crucial program funds crisis housing and supportive services. Taking inflation into account, state funding for the ETH Program is only half what it was 20 years ago. The Illinois Interagency Task Force on Homelessness estimates the unmet need is for 4,551 additional emergency shelter beds.

Increasing the funding for this life-saving program by \$51 million would support the new non-congregate and fixed site shelters due to be developed in the near future (current funding: \$10.38 million).

Sin lugar a dudas, la vivienda es cuidado de salud, especialmente para gente que viven con o es vulnerable al VIH. Las personas con VIH desamparadas o que no tienen una vivienda estable, por otra parte, es más probable que tarde el cuidado del VIH y menos probable que tengan acceso a un cuidado consistente o que sigan su tratamiento de VIH. Adicionalmente, el desamparo impacta en forma desproporcionada a las comunidades afroamericanas más que cualquier otro grupo racial – como el VIH y otras condiciones crónicas. AFC y su organización subsidiaria, Center for Housing and Health (CHH), están comprometidos a utilizar un enfoque de Vivienda Primero, filosofía que vincula a la gente que experimenta el desamparo con la seguridad, vivienda asequible y un mínimo

de barreras, para que la gente pueda empezar más pronto su viaje a una vida saludable. Como lo hemos hecho

Southwest Presents Take Off! Higher Education Travel Award Program

By: Ashmar Mandou

Calling all students! The Hispanic Association of Colleges and Universities and Southwest Airlines® have opened applications for the 19th Annual ¡Lánzate!/Take Off! Higher Education Travel Award Program. Online applications will be accepted through April 28, 2023. “This is a wonderful opportunity for students to take part in,” said Laura Nieto, director of community outreach at Southwest Airlines. “The Take Off! Higher Education Travel Award Program is a national initiative that award roundtrip flights to undergraduate and graduate students across the country to fly to and from their respective college/universities as a way to ease financial constraints.” Eligibility requirements include being enrolled at a college/university located

at least 200 miles from a student's home and the

submission of required essays. A selection committee consisting of national education advocates and community leaders will select the award recipients. Recipients will be awarded four round trip tickets on Southwest Airlines for the student to use when traveling to/from the college/university. The tickets can be used for travel to any of the Southwest Airlines domestic destinations as listed on www.southwest.com.

Eligibility Criteria:

- Student must be enrolled in a college/university at least 200 miles from their designated home at the time they're applying.
- Student must be in good academic standing as determined by their college/university.
- Student must have a minimum 2.5 grade point average (GPA).
- Student must be 18 years

old or older at time of application.

• Recipient must be a legal U.S. resident. All federal government regulations related to air travel and Transportation Security Administration rules must be adhered to, including, but not limited to, producing a valid government-issued photo ID for air travel.

- One application per student must be submitted **online** by the specified **deadline of April 28, 2023, at 11:59 p.m. CT.** Incomplete applications and applications not submitted online will be disqualified.
- All selected student recipients will be required to complete and sign an IRS Form W-9 with the student's full social security number.

las siguientes inversiones en la infraestructura de financiación de viviendas en el presupuesto estatal para el año fiscal 2024:

PROGRAMA DE JÓVENES SIN HOGAR: Este programa apoya los centros de acogida, las iniciativas de salud para jóvenes, la vivienda de transición y la administración de casos que brindan líneas de vida para los jóvenes y un camino hacia un futuro estable y exitoso. Para proteger a los más vulnerables de nuestras comunidades, Illinois debe invertir \$5 millones adicionales en fondos para este programa (fondos actuales: \$7.28 millones).

PROGRAMA DE VIVIENDA DE

EMERGENCIA Y TRANSICIÓN: Este crucial programa patrocina crisis en la vivienda y servicios de apoyo. Tomando en cuenta la inflación, los fondos del estado para el Programa ETH son solo la mitad de lo que eran hace 20 años. El Grupo de Trabajo Interinstitucional Sobre Personas sin Hogar de Illinois estima que la necesidad insatisfecha es de 4,551 camas adicionales en refugios de emergencia. Aumentar los fondos para este programa salvaría en \$51 millones apoyaría los nuevos refugios colectivos y de sitio fijo que se desarrollarán en un futuro próximo (financiamiento actual: \$10,38 millones).

The Musical*, que tiene su estreno mundial en Chicago este otoño,

el renacimiento musical *COMPANY* de Stephen Sondheim y George Furth, ganador del premio Tony, y el favorito de Navidad, *HOW THE GRINCH STOLE CHRISTMAS THE MUSICAL* de Dr.

Seuss. Más adelante se anunciarán espectáculos adicionales. Para obtener más información sobre el Concierto de Verano y Broadway en Chicago, visite www.BroadwayInChicago.com.

Cicero Presenta Mercado de Agricultores y Feria Artesanal en Junio, Solicitudes de Proveedores Disponibles

El Presidente del Municipio de Cicero, Larry Dominick anunció esta semana que el Municipio de Cicero presentará un "Mercado Artesanal de Cicero" de

Artes y Artesanías dos fines de semana de junio. El "Mercado Artesanal de Cicero" será los fines de semana del 16 y 17 de junio y el 23 y 24 de junio en el Parque Comunitario

de Cicero, en la calle 34 y la Ave. Laramie. El "Mercado Artesanal de Cicero" es creación de la Directora del Senior Center, Diana Dominick, quien explicó que muchos

adultos mayores le han pedido que replique las ferias de arte que otras muchas comunidades ofrecen. "Hay mucho entusiasmo de las personas mayores y muchos otros

miembros de la comunidad por este evento", dijo la Sra. Dominick. Cicero acepta solicitudes hasta el 5 de junio para los vendedores de la feria de artes y artesanías. La feria

se realizará dos fines de semana, el 16 y 17 de junio y el 23 y 24 de junio del 2023.
